The best can become better!

The Quint is, arguably, the best Indian news network that the internet has to offer. But as the last FY came to a close, even the best looked a lot better in 'after' than it did in 'before'.

Our Total Revenue, for instance, now looks even more awesome with a 68% growth. The Net Profit saw a total turnaround from a Net Loss in the previous year. Plus, there were important acquisitions, investments and multiple awards for outstanding journalism, details of which you will find in the subsequent pages.

In short, we became what we aim to become at the beginning of every year. A better version of ourselves.

Caution regarding Forward-Looking Statements

We have used a few forward-looking (futuristic) statements throughout the report solely to articulate our future growth prospects and to exemplify our intended milestones. However, the actual results may vary from the forward-looking statements as the business is subject to a number of risks and uncertainties according to the market scenario. For the reader's reference, we have used words like 'anticipate', 'estimate', 'expect', 'project', 'intend', 'plan', 'believe' and words of similar nature to signify every forward-looking statement. We do not guarantee that these statements will stand true, but we believe that these are backed up by prudent assumptions. The achievement of the result may vary due to risks, uncertainties and inaccurate assumptions. If in case, certain unforeseen risks or uncertainties dominate the market or any of the assumptions proved erroneous, then the final result may vary exponentially with respect to the anticipated, estimated or projected result. Thus, the readers should bear this in their mind.

We undertake no obligation to update any forward-looking statements publicly, if there is any change in future events, there is new information, or whatsoever.

Better financial performance

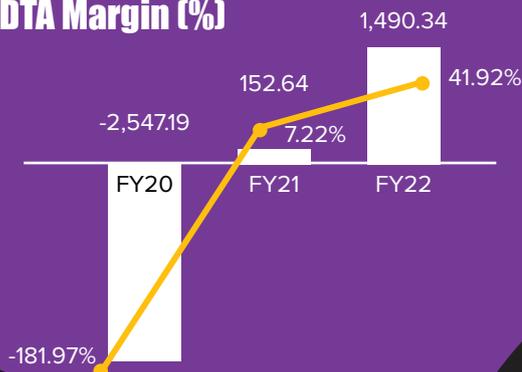

At The Quint, our short stint till now has been one that is quick, dynamic and ever evolving towards next level. As the industry we operate in, we too are always on our toes to perform, earn, re-invest and retain the growth trajectory. While we have been garnering our revenue growth since inception, during FY22, we broke-even in terms of our net profits. During FY22, we were able to turn around on almost all financial performance matrix and were able to increase the shareholder value by decent margin.

Following is a glimpse of our three-year growth journey:

- ★ **What?** The money brought in by business through sale of goods & services. Starting point of a company's income statement.
- ★ **Why?** A primary yardstick of any company's growth as also called the Top Line.
- ★ **How?** A 68.26% growth in FY22 over FY21. A consistent growth over the years.

EBITDA (Rs. Lakhs) & EBITDA Margin (%)

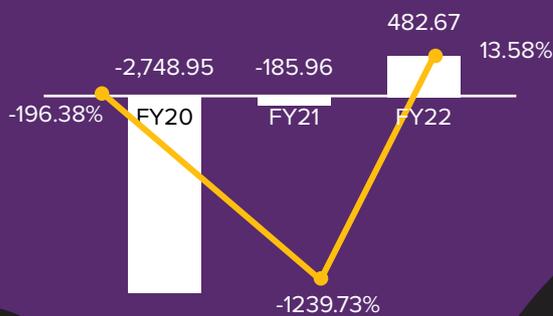

EBITDA (Rs. Lakh)
 EBITDA Margin (%)

What? Earning or profit before fixed expenses like interest, depreciation, Taxation and extraordinary items. Also known as operating profit. EBITDA Margin states the EBITDA as %age of operating/ total revenue.

Why? Indicates profitability of a Company at the operations level before factoring expenses based on financing decisions, taxation strategy, depreciation policies and any exceptional item. EBITDA Margin indicates the health of margin between operating revenues and operating expenses.

How? How? A significant 9.76 times growth in FY22 over FY21..

PAT (Rs. Lakhs) & PAT Margin (%)

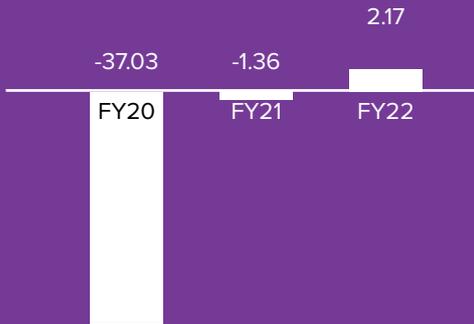

EBITDA (Rs. Lakh)
 EBITDA Margin (%)

What? Profit After Tax (PAT) or Net Profit or Bottom Line is the amount of money the company earns after all expenses and taxes as well which can be utilized for future growth through re-investment. PAT Margin is profit as a %age revenues.

Why? PAT indicates as to how much money a company earns after all expenses, for its shareholders and how much it can preserve for future expansions, growth or provisions. PAT Margins indicate the healthy Bottom Line of earnings of a company.

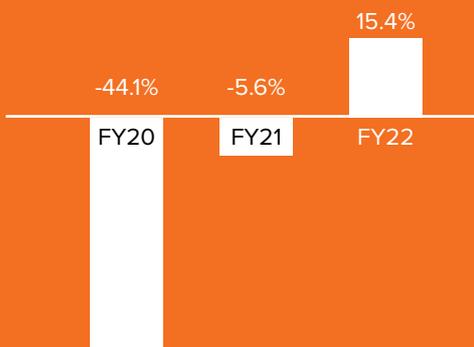

How? A turnaround to PAT level break-even from a net loss of Rs. -185.96 lakhs in FY21 to Rs.482.67 lakhs in FY22.

EPS (Rs.)

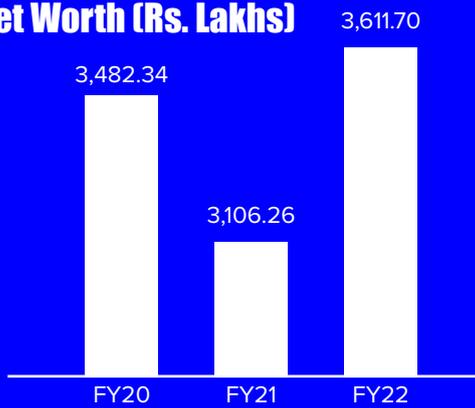

- ★ **What?** Earnings per share (EPS) is calculated by dividing a company's profit by the outstanding shares of its common stock.
- ★ **Why?** EPS measured to ascertain a Company's profitability. It indicates how much money the Company makes for each of its share.
- ★ **How?** A turnaround from negative EPS of Rs. -1.36 during FY21 to Rs. 2.17 per share during FY22.

Return on Equity (ROE) (%)

- ★ **What?** Return on Equity or ROE is arrived at by dividing a company's net income by shareholders' equity. is calculated by dividing a company's profit by the outstanding shares of its common stock.
- ★ **Why?** ROE indicates a Company's profitability and its efficiency to generate profits.
- ★ **How?** Another turnaround from negative ROE of -5.6% in FY21 to an impressive 15.4% in FY22.

Net Worth (Rs. Lakhs)

- ★ **What?** Net Worth is calculated to arrive at total value of assets of a company after deducting the value of all liabilities.
- ★ **Why?** Net Worth states the financial health and net value of a company at any given point of time and is considered to assess its investment worthiness.
- ★ **How?** A growth of 16.27% in FY22 over the FY21 number.

Positioning better for sustainable growth

During FY22, Quint not only delivered on present performance and reached newer performance benchmarks, it progressed towards making the growth sustainable, in years to come. While Quint leads as the Country's only listed digital-only news media company, it has put in all the efforts to tap newer growth avenues and became even more resourceful. The Company also worked on strengthening and synergizing the corporate structure.

Here we share some snapshots of the same:

1. Strengthened technology & content development capabilities

As another step towards growth and expansion and to further establish Company's position as a leading pure play digital media company, your Company had acquired 100% stake in Quintillion Media Limited ("QML") and 47.92% stake in Spunklane Media Private Limited ("Spunklane Media"). The acquisition of 100% stake in QML resulted in acquisition

of 74.03% stakes in the Quintillion Business Media Limited ("QBM"), 97.56%* stake (on a fully diluted basis 50.41%) in Quintype Technologies India Limited ("Quintype India") and 36.42% stake in YKA Media Private Limited ("YKA").

2. Raised funds to grow & expand

The Board in their meeting held on February 7, 2022, approved to issue, offer and allot equity shares by way of a rights issue to the existing shareholders of the Company for an amount not exceeding Rs. 125 Crores (Rupees One Hundred and Twenty Five Crores only) for cash consideration.

3. Investment-worthiness testified

During FY22, Adani Group proposed to acquire 49% stake in Quintillion Business Media Limited (“QBM”), a stepdown subsidiary company of the Company. This proposed investment testifies the Company’s investment story and gives a strong platform for growth & expansion.

4. Restructuring of partnership between Bloomberg Media and Quintillion Media Private Limited

In line with latest acquisition of stake in Quintillion Business

Media Private Limited and to give greater synergy to the association with Bloomberg

These strategic actions entailing the proposed acquisitions; fund raising; capability building; and enhancing diversification within digital media and media technology; are here to give leverage to the Company to create more growth avenues and create and monetize content optimally.

Our unique strengths – drivers of our strategic agenda

Better with our operations

The Quint hit 1M followers on Instagram.

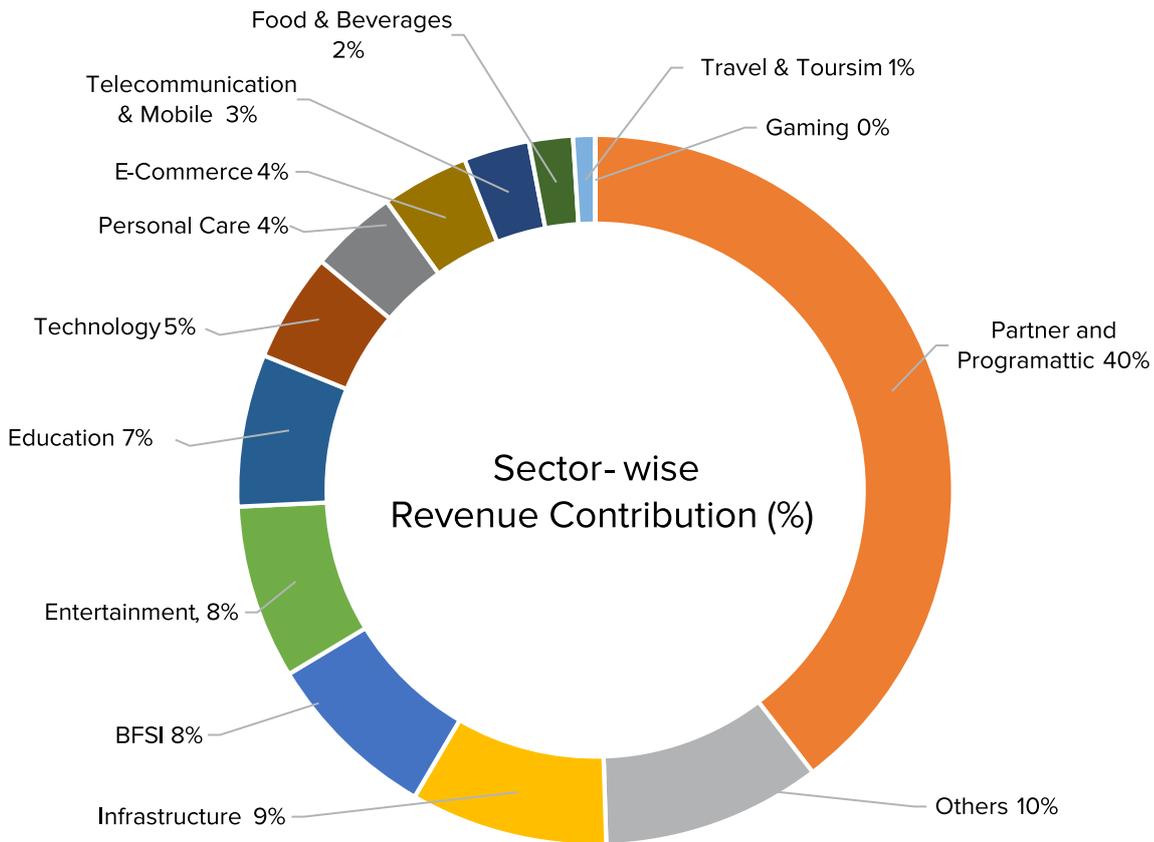

16.7 Mn subscribers/followers across various platforms by FY 22.

52% increase in page views

66% increase in unique views across platforms.

- 35% increase in video views and 20% increase in impressions.

- The Quint went big on Instagram Reels

Quint utilized Instagram Reels as an effective and democratic medium to reach new audiences. We were quick to spot new trends and formats and adapt them to the news cycle, making each Reel a complete editorial product.

- The Quint & Quint Neon became first publishers to be enrolled in the Facebook Reels Project

The Quint produces high-quality, editorially strong Reels in partnership with the social media platform.

- The Quint started producing YouTube shorts

This furthered Quint’s foray into short-form video content creation. Other new features that we are working on include YouTube stories, community polls, members-first access to special projects, members-only behind-the-scenes content.

- The Quint became one of the first publishers to be on Snapchat’s dynamic stories

Snapchat’s dynamic stories is a new feature launched during FY22.

Insightful programmes, better impact

Flagship Properties

- **The HOPE series:** The HOPE is a series of video IP which profiles individual stories of strength, perseverance and innovation which stand out from the rest.

- **Verify Kiya Kya?:** A video series that explores the nuances of fact-checking and media literacy. In each episode, we focus on one topic and present it in the simplest way possible for our readers to learn the skills of fact-checking and become a part of the force to fight misinformation.

Key Programmes:

- **WebQoof:** WebQoof is The Quint's IFCN-certified fact-checking initiative which strives to provide the readers with stories that are 100% accurate.

- **Quint NEON:** This segment is primarily for the average millennial. News worthy, buzz worthy; be it Bollywood, social issues, gender-focused narratives, or a satire column like 'What do you Meme', this is the go-to space for millennials.

- **My Report:** My Report is The Quint's Citizen Journalism initiative, which aims at democratising news. It is a network of citizens built over the years who work with our My Report team to highlight issues that are important to them — from the lack of beds in hospitals, live reports from Taliban-occupied Afghanistan, to environment and climate change stories. The My Report team trains citizens in shooting and building a news story from start to finish.

Regular Features

1. **Raghav's Take:** The Editor-In-Chief of The Quint, Raghav Bahl's exclusive segment on matters of national interest is widely acclaimed. The essential leader behind the Quint:Essential, Bahl's incisive op-eds are integral to journalism.

2. **Yeh Jo India Hai Na:** Like no other news platform in the country, this segment humanises India, its leaders and its people; Rohit Khanna critically looks into crises and puts forward tangible prospects of resolution on various matters.

3. **Kaafi Real:** A cartoon series that presents the real-world scenario, with a touch of irony. Mirroring the real impact of issues that barely get attention or are cast into oblivion, this series keeps it real.

4. **Janab, Aise Kaise?:** This section creates quirky videos with outstanding humour and holds an issue right at its neck, saying what needs to be said: plain, simple and nonsense.

5. **Sexolve:** This segment addresses the concern of adolescents and parents on issues concerning sex and love. A step towards normalising everyday woes.

6. **Urdunama (Podcast):** A remarkably designed series, Urdunama takes the Urdu language to people, transcending the barriers of communication and most importantly connecting these expressions to situations around us.

- 7. **Qisse Kahaniyaan (Podcast):** Qisse Kahaniyaan is our attempt to bring you memories wrapped in words and dressed in sound. Our promise is that each of these stories will be juiced with nostalgia and memories.

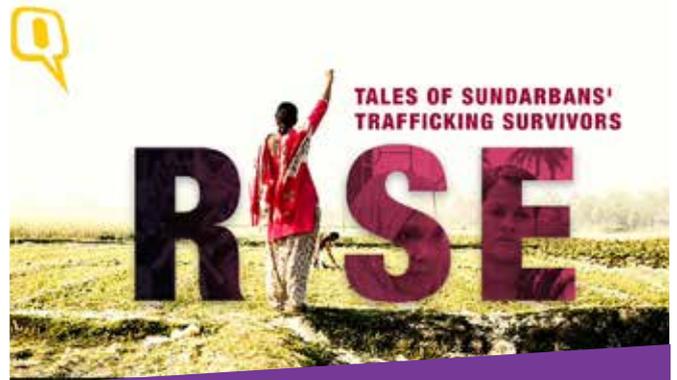

- 8. **Explainers:** The myths and facts of news and stories need specific attention and this is where we do that. Concerns like whether the AP Variant of COVID-19 is dangerous etc. have created curiosity in the minds of viewers and a breaking down these complex ideas and news items is what makes the essential leader indispensable!

- 9. **FAQs:** Carefully designed segments where various queries of the viewers are compiled together and addressed. Questions that are valid, questions that are unanswered – the essential leader ensures the required attention to these!

- 10. **Short Documentaries:** Well-structured, research-based, wonderfully laid down documentaries that capture both the attention and the curiosity of the viewer. The documentaries here at The Quint are real, captivating, and game changing!

Digital content innovation - micro-niche strategy

Interactives:

1. The Quint Lab

The Quint Lab, responsible for helping innovations in journalistic storytelling across The Quint and Quint Hindi, have published a plethora of interactive and immersive stories over the past year. We published an animated interactive graphic novel, widely considered to be a first in the Indian news publishing landscape, and made our long-form stories even more engaging for readers with

multimedia immersives such as 'Rising Waters, Sinking City: Mumbai Against the Tides'.

2. An increasing interactive-data and stories visualization

In addition to this, interactive data stories and visualisations became part and parcel of our regular news stories as well. A particularly successful Quint Lab experiment was the introduction of Live Infographics, interactive visualisations which were updated real-time during our coverage of special news events such as Counting Day, the IPL mega auction, the Oscars, and so on.

Enlightening Content, Empowering Journalism

Quint has been leading the digital news and current affairs segment with path-breaking content delivered through its futuristic content delivery eco-system. Our belief that insightful, truthful and far reaching content is the pillar of any society, has only brought us where we stand today – enlightening content, empowering content and enabling content delivery.

Stories that made impact

- **COVID orphans**

COVID orphans are not just mere numbers. In our quest to put a human face to the many tragedies witnessed across India, especially during the deadly second wave, The Quint's video series, India's COVID Orphans, documented how at least 15 COVID orphans from different locations across India are now living with a permanent void after the loss of their parents – the stories we believed showed the most tragic legacy of the pandemic.

The response was very positive. We were inundated with messages from people from around the world who came forward to provide monetary help to these children. We were also contacted by local authorities who approached

the families of the orphans to support them.

Quint Impact stories: <https://www.thequint.com/topic/quint-impact>

- **UP Elections 2022: Human Stories & Voices From The Ground**

Far from noisy primetime debates, The Quint aims to get you voices and stories from UP's voters ahead of the state elections. From Hathras, Unnao, and Mathura, to Ayodhya, Lakhimpur Kheri, Shamli, Gorakhpur, and more – our reporters will travel far and wide to put human faces behind the ground realities of caste, communal hate, gender violence, unemployment, law & order, education, healthcare, and more. Support our resource-intensive coverage and help us bring out stories that matter.

हिंसात में हत्या: UP's Families Seek Justice

According to NHRC data, up to 7 custodial deaths are reported every day in India, while many more are never reported at all. Uttar Pradesh has consistently recorded the highest number of custodial deaths, basis data presented by the MHA in parliament. Nearly 24 per cent of custodial deaths in the country are from UP, which also tops the list of Human Rights violations as well. This investigative video series documents cases of custodial deaths and torture in UP that have never been reported or have not been able to get justice till date. Our correspondent travelled over 3,000 kilometres to speak to families bearing the fallout of these cases.

लड़की हूँ... पढ़ना चाहती हूँ: Why Are India's Girls Dropping Out of School?

Since the 2011 census, school enrolments have steadily increased, but the COVID-19 pandemic has put at least 10 million girls at risk of dropping out of secondary school. The Quint's multi-part video series will focus on the loss of friends, loss of childhood, loss of midday meals and access to menstrual hygiene (through sanitary napkins at schools) that these girls are going through. Support this project, so we can help them try to take back control of their lives.

Gau Raksha: The Real Picture

In 2016, The Quint did a ground report from Haryana's Mewat district, to examine the impact of the Cow Protection law on the ground. We discovered that it did little to reduce cow slaughter and smuggling. In 2021, we revisited Mewat to find that cow smuggling and cow slaughter continues. We also found that cow vigilantism has evolved into a full-fledged mobocracy, where extortion, entrapment and hate crime is the norm. While the law is stringent, most cow slaughter and smuggling cases do not stand in the court due to lack of evidence leading to conviction rates as low as 2%. This docu does a deep dive into the contentious law and its fallout on Mewat's residents.

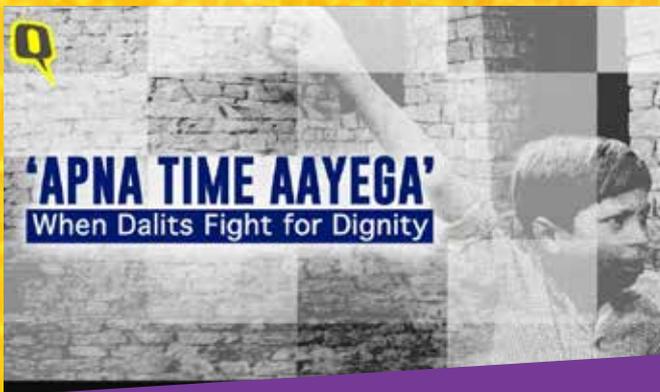

बाइज़त बरी Acquitted, Yet Criminals?

From the Malegaon blast case to the serial blasts in Jaipur, Delhi, Kanpur, Mumbai train blasts, there's one common thread - the wrongful arrest of Muslims who suffered for years in jail; and were eventually 'acquitted' due to lack of evidence. But acquittal is meaningless for many. They continue to be publicly hated, harassed, and condemned. Our docu tells the stories of individuals who have been incarcerated for life

- **'Apna Time Aayega': The Fight for Dalit Dignity in East UP**

Despite Dalit women staging a protest against alleged vandalism by the state police, in Palia village in Azamgarh district, the news barely made it to the front pages of mainstream newspapers. At The Quint, it compelled us to explore caste, political leadership, and a possible wave of assertion in East UP. For the next two months, our journalist travelled extensively across the region and conducted interviews with locals and ground-level activists, plus read extensively on the history and politics of the region to understand this wave of social change. This powerful documentary aims to capture the aspirations and perseverance of a community that refuses to be silenced any longer.

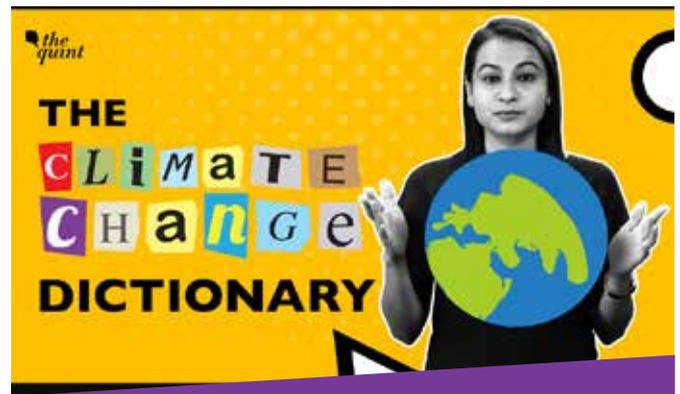

- **India's Criminal (In) Justice System**

The Quint has used qualitative and quantitative research through government data, RTI applications, and personal interviews, to expose perils of India's criminal justice system. Our investigative and research pieces reveal rampant police brutality, wrongful prosecutions, custodial deaths, and violence in prisons. Through our hard-hitting investigative legal journalism, we continue to expose structural problems of India's criminal justice with first-person accounts of those who are the worst affected.

- **Living with Climate Change: The Sundarban Series**

Caught amidst nature's fury and policy indifference, inhabitants of several Sundarban islands are now 'climate refugees'. People are being moved from islands like Mousuni to the Sagar islands. But reports suggest that the Sagar islands will be the next to go underwater. The Quint will travel to the Sundarbans and document the stories of the inhabitants, the policies that govern them, and report on possible solutions in this deep-dive in our climate change series.

- **Vaccine Misinformation in Rural India: A Fact-Checking Mission**

As the pandemic rages on, fake news has hit our rural communities hard, leading to vaccine hesitancy and deadly home cures. WebQoof and Fit are working round-the-clock to distribute fact-checked stories in local languages to fight vaccine misinformation. Support our grassroots efforts in this resource-intensive mission.

Braving for the burning issues

- Hijab Ban | Exclusive**

Student Petitioner Says ‘Heartbroken’ At Karnataka HC Hijab Ruling One of the lead student petitioners, Aliya Assadi spoke to The Quint exclusively after the Karnataka High Court’s verdict upholding the Hijab ban in educational institutions of the state. We also launched our campaign ‘Voices Behind The Veil: What’s At Stake For Karnataka’s Hijabi Girls’ to bring you more voices from the state.

- Everyday Communalism | Business Losses, Denied Healthcare— How ‘Covid Jihad’ Propaganda Hurt Muslims**

In March 2020, as COVID struck the world, a Tablighi Jamaat congregation in New Delhi was declared as one of the first hotspots, following which a section of the mainstream media vilified and demonised the group. It led to many ordinary Muslims being discriminated against. Our video gave them a voice.

- Delhi Riots 2020 | Marred by Violence - Children who lost their father look for hope in a school**

Trauma, grief, longing — children, who lost their father in 2020 as communal violence-ravaged across parts of northeast Delhi, struggle to pick up the pieces of their life.

Two years later, nightmares of the past and hopes for the future coexist.

• **Documentary | SACKED: Tales of Bengal's Closed Jute Mills**

The Quint documents the lives of Bengal's jute mill workers after some mills in Bengal suspended operations indefinitely over the price of raw jute. This isn't the first time that the mills have closed indefinitely. With no jobs and a raging pandemic, they are edging on hopelessness, with nowhere to go.

• **Gurugram Namaz | Looking for Space and Dignity to Pray in 'Millennium City'**

What does a Muslim man do when his right to offer Jumma Namaz is threatened by Hindu right-wing outfits? We followed Altaf Ahmad on a Friday and here's what we saw.

• **A Year Away From Home: Stories of Resolve and Resilience from the Farmers' Protest**

The Quint speaks to three protesters who refuse to go home, including a 32-year-old woman who quit her job as an accountant to join the farmers at the Singhu border in 2020. As seasons changed, their resolve remained.

• **Me, The Change: Women For The Planet**

In the run-up to International Women's Day, through March, The Quint brought you stories of women eco-warriors who are bringing about real change from the ground up. We were thrilled to have Dia Mirza, actor, activist, and eco-warrior, as the brand ambassador of our campaign, Me the Change: Women for the Planet.

• **She, The First**

An anthology of women heroes, who broke all rules to follow their dream, and became the first to venture into

what was/is traditionally considered a male domain. From the first Indian woman to win a medal at the Olympics to the first Indian woman porter, these are stories of women who were not afraid of dreaming big, taking on the many challenges patriarchy has posed over the years, breaking the metaphorical glass ceiling, and helping normalise, what we now take for granted.

- **Documentary | Why Bastar's Adivasis Resist Security Forces**

Decades of anger, injustice, and ignorance in Bastar, Chhattisgarh recently culminated into a never-seen-before mass movement even amid the COVID-19 pandemic. The protests may have ended, but the anger of the adivasis against police camps that have sprouted in the region to combat the Naxalites' dominance in the hinterlands, persists. They accuse the security forces of inflicting atrocities in the name of patrolling. Over several decades now, lakhs have been displaced, thousands harassed, and hundreds killed. Hear the horrific tales of elders and voices of resolution from youth of Bastar.

• **COVID 'Pandemic, Poverty, Rituals': Why Ganga Overflowed with the Dead**

A ground report from a village bordering Uttar Pradesh-Bihar shows how COVID-19 pandemic led to a flood of bodies in and along River Ganga in May.

• **Inside a COVID ICU in Delhi: For Doctors & Nurses, No Time for a Breather**

As COVID waves ebb, the pressure shifts from emergency rooms to the Intensive Care Units. The Quint's team visits the ICU at Delhi's Holy Family Hospital. For six weeks, the pressure on these doctors and nurses has been unrelenting.

A message from the Founder Director

The Indian Media and Entertainment (M&E) sector is one of the most visible and fastest-growing in the world.

Dear Shareholders,

The fiscal year 2021-22 has been remarkable on many fronts. Despite a tough macro backdrop, we stayed on track in our transformation path and generated revenue growth along with better profitability. The year was difficult because of the multiple waves of the Covid-19 outbreak in India.

Moreover, global supply chain stress and rising energy prices led to widespread inflation, and geopolitical concerns further aggravated the issue. To combat the situation, policymakers in India, as in the rest of the world, will require strategic concentration, adaptability, effective execution and at the same time, entrenching the demand recovery. During the year, we increased our reach, earned market share gains in our core digital news media operations while accelerating growth and continued the innovation momentum. Our digital

transformation and supply chain optimisation strategies are also in place. We continuously challenge the current quo by telling stories that are in-depth, aesthetically compelling, community-driven, and are presented in a variety of interactive multimedia formats. This is what sets us apart from the majority of legacy media.

The Indian Media and Entertainment (M&E) sector is one of the most visible and fastest-growing in the world. According to multiple industry reports, the M&E industry in India is expected to increase at an appropriate CAGR of 12%-13% over the following three years, to reach Rs. 2.3 trillion by 2024.

India is amongst the top countries in terms of average daily time spent on mobile phones at 4.7 hours per person each day in calendar year 2021. The consumption patterns of customers are shifting, and online video has become increasingly popular. Online video watchers climbed to 497 million in 2021 as compared to 468 million in 2020 and about 406 million recorded in 2019. The Quint was created as a Digital Media platform seven years ago to capitalise on these rising trends for digital content. We are well placed to piggyback on this consumer boom by developing innovative video-led content on a continuous basis because of our editorial and content capabilities, quality workforce, and financial health.

Post-millennials are the actual digital natives, having grown up with universal internet and technology. This generation has a significant impact on the prevalent patterns in Digital Media, which then permeate to older target demographics. They are willing to engage with any subject if the material is given in a manner that resonates with them. Your Company has been highly effective in making them a part of the platform by implementing a mobile-first policy and a multi-format approach that includes video, text, infographics, and experiential content. It has liberated the Digital News Media segment by inventing and providing unique platforms for curated user-generated content, internationally acknowledged fact checks, promoted content, and other news-related content. All of this has been accomplished without compromising the essential journalistic values and integrity, resulting in The Quint's social media reach and engagement levels surpassing even the traditional media's biggest names. Our key verticals, The Quint, Quint Hindi, and FIT, generated a stunning number of views and impressions across a diverse portfolio of websites and social media channels, totaling 1,293 million unique viewers and 14.3 billion impressions in FY 2021-22

Your Company's performance as providers of infotainment content for its target audience is greatly dependent on the quality of its employees. In order to correspond with the audience profile and the medium, we have guaranteed that The Quint's workforce, including reporting and editorial, has a lower average age than the typical for the industry. We are also

incredibly happy to be pioneers for gender equality in the media industry, and the majority of our divisions are led by women. This sensitivity to gender issues is also evident on the content side, where we are one of the few media organisations in India to have a dedicated reporter on gender-based topics, which explains our higher proportion of female viewers.

During the course of pandemic, our reporters and analysts have covered and published a vast deal of ground-breaking and explosive news at a great personal risk. As a Company, we have done our best to foster innovation, social orientation, and adherence to strong rules of conduct within our employees, in addition to providing them with all sorts of support for generating news and content that breaks through the noise.

We not only set new standards by becoming the only publicly traded pure-play Digital News Media player, but we also had a strong financial year under review. Your company generated Rs. 3,555 Lakhs in revenue in FY 2021-22, with a net margin of 13.6%. Your company is profitable despite not having legacy content available to traditional media companies. Moreover, we have a network of Rs. 3,612 lakhs, with a stable balance sheet and a wide range of revenue sources. During the period under review, your company acquired 100% of the equity shares and convertible instruments of Quintillion Media Limited and expanded its influence over group companies through inorganic growth. The strategic goals behind this acquisition is to expand and diversify the Company's digital media categories and access to technology for content creation, distribution, and monetization. Moreover, Adani Group's investment and acquisition of a minority position in Quintillion Business Media Limited, a subsidiary of the Company, demonstrates its unwavering confidence in your organisation. Corporate developments are clearly indicating that future growth will require both vertical and horizontal expansion for this business.

Our goal for the upcoming year is to consolidate the performance of our key properties and keep our concentration on profitable expansion. With the predicted expansion of the Digital Media industry acting as a tailwind, we are confident of achieving these goals. On behalf of the Board of Directors and management, we appreciate your trust and wish you a healthy and prosperous year ahead.

Sincerely,

Raghav Bahl

BRIEF BIOGRAPHIES OF OUR DIRECTORS

Ms. Ritu Kapur is the Co-founder and CEO of The Quint and Board Member at Oxford University's prestigious Reuters Institute of Journalism and on the board of Future News Worldwide (an initiative in partnership with the British Council). She is also a Board Member of the World Editors Forum at WAN-IFRA (World Association of Newspapers and News Publishers). An activist of sorts in her college days at St. Stephen's College, Delhi University, Ritu's interest in media for social change was whetted when she did her Master's in Film and TV production at the Mass Communication Research Centre (MCRC) of Jamia University in New Delhi. Ritu joined Network18 Group as a founder member in 1992. She had started with producing THE INDIA SHOW, the country's first local production on a satellite channel, Star plus. She headed Programming at the History Channel, was Features' Editor at CNN IBN, where she launched the popular CJ (Citizen Journalist) Show, among others. She had also conceived and produced Bhanwar, a docu-drama based on real-life incidents. Her shows ran to popularity and critical acclaim, winning several awards. At The Quint, she is focused on scaling the innovative digital media venture, offering a combination of high-value digital journalism and storytelling.

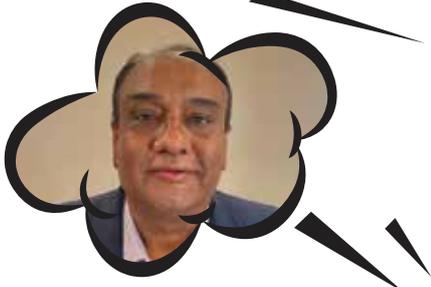

Mr. Raghav Bahl is a serial entrepreneur and investor, with several successful projects and accolades. After his departure from the Network18 Group, Raghav co-founded The Quint with his wife, Ms Ritu Kapur. He had also seeded moneycontrol.com, bookmyshow.com, firstpost.com, yatra.com, among others. Raghav started making television news capsules while still reading Economics at St. Stephen's College, Delhi University. After an MBA at FMS Delhi, his career followed an obvious trajectory, beginning as a Management Consultant at AF Ferguson followed by a stint at Amex. But his inherent interest in news made him quit the cushy comforts of international banking and he went on to set up Network18, among India's top media houses. He has also managed long and successful partnerships with some of the world's leading media brands like CNBC, Viacom, BBC, Star TV, A&E, Time Warner and Forbes. As the audience is increasingly shifting out of television and into digital media, he is now focused on scaling a cutting-edge digital media business, straddling content, tech and distribution.

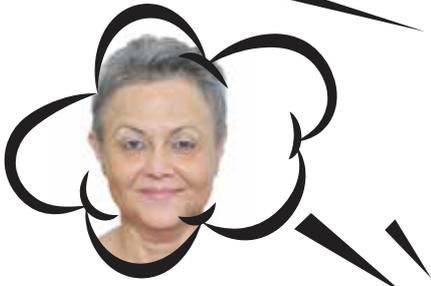

Mr. Mohan Lal Jain is a Chartered Accountant by profession and holds a bachelor's degree in Commerce (Hons.) from Hansraj College, University of Delhi. He has a wide range of experience in advisory, investment planning, overseas structuring and compliance for various clients in Media & Entertainment, Trading, Solar and Real Estate sectors over the last 31+ years. Earlier, he was associated with Network18 group from its very early days. He is driven by the notion of engaging in substantial advisory at The Quint.

Mr. Parshotam Dass Agarwal holds a bachelor's degree in Commerce from Ravishankar University, Raipur; a bachelor's degree in Law (LLB) from University of Delhi and a master's degree in Business Administration from the Faculty of Management Studies, University of Delhi. He is also a Certified Director from the Institute of Directors. He has a wide professional experience of more than 42 years with the corporates which includes holding positions in Textiles Industry for 22 years particularly as President in Birla Group, Chief Executive Officer in Surya Roshni Limited for 7 years, President in Shree Krishna Paper Mills Ltd. for 9 years and as Executive Director in OP Jindal Group. He serves as an Independent Director and Chairman of the Board at The Quint.

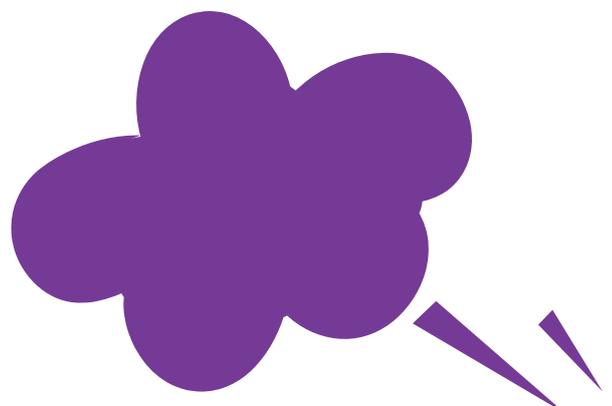

Mr. Sanjeev Krishana Sharma is a Chartered Accountant by profession. In addition to being a member of the Institute of Chartered Accountants of India, he is also a member of the Institute of Insurance Surveyors and Adjustors under the IRDAI. He is the controlling partner of a 60-year-old Chartered Accountant firm in Delhi. He has vast experience in advising Indian and global clients on matters related to India entry strategy, restructuring, audits, valuation, loss assessors & adjustors, liquidation etc. He serves as an Independent Director at The Quint.

Ms. Vandana Malik holds a bachelor's degree in History from the University of Delhi, India. She has over 20 years of experience in media & related sectors. From 1992 to 1994, she worked as Editorial Coordinator for Business India Television and Television Eighteen. She has been working as the Mumbai-bureau chief of TV18 since 1994 and in May 2006, she joined Studio18 as a Creative Director for the Feature Film production Unit. She was also on the Board of Directors of Network18 Media and Investments Limited, India's leading media conglomerate. She now serves on the Board of Directors at The Quint.

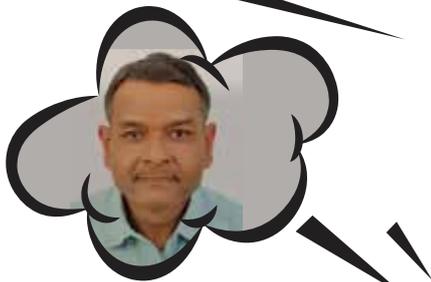

Ms. Abha Kapoor is a commerce graduate of Sydenham college with a master's in marketing management from NMIMS (Narsee Monjee Institute of Management Studies), Mumbai University. She is the founding partner of K and J Search Consultants Private Limited, a pioneer and leading executive search firm in the Media, Entertainment and Communication sector. She co-founded the company in 1995 with her business partner. She started her career working for an international bank before moving on as Regional Head, West for a financial services Company.

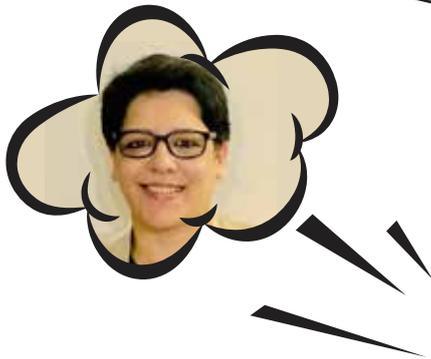

BRIEF PROFILE OF SENIOR MANAGEMENT TEAM

Mr. Vivek Agarwal is the Chief Financial Officer of our Company. He holds a bachelor's degree in Commerce from University of Kanpur. He has working experience of a decade in the field of accounts and taxation. In his role during the last 5 years, he has been heading the finance function for The Quint.

Mr. Piyush Jain is the Business Head, Special Projects. He holds a master's degree in Marketing & IT and has more than 24+ years of work experience. He served as the COO of IBN7 – National Hindi News Channel, a part of Network18 Group. In his current role at The Quint, he is heading the Business and looks after overall operations, general administration, cost and budgetary control, product oversight, maintains relationship with external partners to list a few.

Ms. Devika Dayal has more than 20 years of experience in ad sales & has worked with eminent organisations such as ITV Network, Network18, Discovery Communications India and Zee Network. She has been instrumental in driving the client facing ad sales unit and optimizing revenue growth by two folds in the last two years at The Quint. In her current role, she oversees all activities that generate revenue at The Quint.

MANAGEMENT DISCUSSION AND ANALYSIS

Company Overview

Quint Digital Media Limited (hereafter referred to as ‘the Company’) is currently engaged in the Media & Entertainment (M&E) industry via its presence in the Digital News Media segment with the prominent digital platforms, namely www.hindi.thequint.com, www.thequint.com and www.fit.thequint.com. From Financial Year 22-23, www.fit.thequint.com has been merged in www.thequint.com.

The Company’s digital platforms disseminate news, opinions, and current affairs content in India and the rest of the world, spanning multiple categories, including governance, politics, economy, business, entertainment, sports, technology, education, lifestyle, health and fitness, and gender issues, among others. The content is specifically geared for digital engagement and is written in the target audience’s language. The Company offers various forms, such as live news, blogs, hot wires, photographs, videos, articles, quint lab (interactive content, special projects, statistics/ infographics, etc.), explainers, audio podcasts, and fact checks to cater to the many interests and viewing habits of the audience.

Each of the digital platforms has its own social media channels on all major platforms, such as Facebook, Instagram, YouTube, and Twitter. The social media platforms have a considerable number of followers or subscribers, and a sizeable portion of the Company’s total engagement and page views are created via social media. The platforms are also accessible through mobile applications on Android and Apple ecosystems.

Quint is not only one of the pioneers of digital news media in India, but it is also the sole listed player. The Company has competitive advantage for its superior journalism, content innovations, and ability to engage millennials and seniors.

Indian Economy

In 2021, India remained a significant contributor to the global economic recovery. India is expected to become one of the top three economic powers in the near future as a result of its robust democracy and strategic relationships. India repressed the third wave of COVID-19 while pursuing economic recovery with the aid of rapid vaccination programme rollouts and government assistance. Multiple successive rises in economic indicators, such as the mobility index, direct tax receipts, and energy consumption, indicated economic growth in FY 2021-22. As per second advance estimates by National Statistics Office

India’s GDP growth pegged at 8.7% in FY 2021-22 as compared to contraction of 6.6% in FY 2020-21.

India’s GDP Growth (%)

#RBI SPF report as on 8th June 2022

Enhanced business and market conditions, as well as rising demand, have contributed to India’s consistent economic progress. Due to a persistent emphasis on infrastructure, investment, manufacturing improvement, improved logistical capabilities, aid for MSMEs, green economy goals, extending digitalization, and banking growth, the budget for fiscal year FY 2022-23 met expectations for an accelerated economic trajectory. In March 2022, the annual inflation rate in India rose to 6.95%, the highest level since October 2020. To combat inflation, the Reserve Bank of India (RBI) lifted the policy repo rate first by 40 basis points and then by 50 basis points to 4.90%. The RBI predicts that conflict-related inflation will lower India’s GDP growth to 7.2% in FY 2022-23 and to 6.5% in FY 2023-24. The prospects for private sector investment remained optimistic, and the position of the financial system has been further solidified to support economic recovery.

The government has actively supported the media and entertainment industry, particularly through measures aimed at expanding digitization and establishing digital communication infrastructure. The government announced the installation of optical fibre cables in the Union Budget 2022 in an effort to offer rural residents with the same access to e-services, communication facilities, and digital resources as their urban counterparts. The project is anticipated to be completed by 2025. In 2022 and 2023, the government intends to auction off 5G spectrum in an effort to realise the “Digital India” ambition. Implementation of 5G and related technologies will help unlock the revolutionary power of digital communication networks, allowing realising the digital empowerment objective and increasing the well-being of the population.

Industry Structure and Developments

Media and Entertainment (M&E) Industry

The Indian media and entertainment industry is one of the fastest growing media industries in the world. According to the FICCI EY report titled "Tuning into Consumer- Indian M&E Rebounds with a Customer-Centric Approach," the Indian Media and Entertainment (M&E) sector experienced a 16.4% YoY (year-over-year) growth rate in 2021, with revenues reaching Rs. 1.61 trillion compared to Rs. 1.39 trillion in 2020. The return of print media was followed by the consolidation of digital media's position as the second-largest component. Except for in-cinema advertising and television subscriptions, all M&E segments expanded in 2021.

In 2021, the media and entertainment business faced continued changes from technology progress, evolving generational patterns, and lingering consequences from the global pandemic. Amid periodic COVID-19 spikes, consumers sought more media and entertainment at home, while often avoiding larger in-person events. The growth in digital media even remained solid in 2021, indicating that the epidemic has only stimulated the expansion of underlying trends toward the digital environment.

Subscriptions for Television, Digital, Print, and Film climbed by 2.4% or Rs.15 billion, from Rs.617 billion in 2020 to Rs.632 billion in 2021. Digital, Print, and Film subscriptions grew from Rs.44, Rs.68, and Rs.71 billion in 2020 to Rs.56, Rs.76, and Rs.92 billion in 2021, respectively. While the proportion of total subscription revenue declined from 51.5% of total revenues in 2020 to 46.55% of total revenues in 2021. Additionally, digital subscriptions revenue climbed by 29% in 2021 to reach Rs.56 billion, up from Rs.43.8 billion in 2020. In 2021, there were around 80 million paid video subscribers, compared to 63 million paid subscriptions in 2020. In comparison to the video digital subscriptions revenue of Rs.42 billion recorded in the year 2020, it recorded Rs.54 billion in 2021.

In 2021, revenue of Rs.0.9 billion was earned through news

subscriptions, the majority of which were for exclusive and premium content. Between the years 2020 and 2021, the reach of online news increased, reaching a total of 467 million mobile and desktop visitors of news sites, portals, and aggregators. This accounts for around 56% of all users of the internet.

The M&E industry in India is projected to grow at a compound annual growth rate (CAGR) of 13%, adding a total of Rs.707 billion over the next three years and reaching Rs.2.3 trillion in 2024. The digital media is expected to generate revenues worth Rs.537 billion by 2024 growing at a CAGR of 20%. The digital media revenue will comprise of advertising revenues worth Rs.430 billion and subscription based revenue worth Rs.107 billion by 2024. Amidst shifting consumer patterns, online video gained scale as the number of people watching online video increased to 497 million in 2021. The value of digital advertising reached Rs.246 billion in 2021, representing a growth of 29%. Additionally, the amount of money spent on advertising by small and medium enterprises as well as long-tail advertisers reached Rs.117 billion.

On the edge of 2022, it appears like the larger socioeconomic forces driving the contemporary era are converging with technology and intensifying change. This is encouraging more innovation and competitiveness but is also placing pressure on business models to keep up with shifting behavior. The M&E sector is purely a business of imagination and is currently possessing enormous opportunities.

Recent Trends

In media & entertainment perspective for 2022, five sectors are being anticipated to impact the most and draw the most attention

- Rising Streaming Media:** The streaming video industry is expected to mature as measures are being taken in order to further evolve from operating metrics such as subscriber counts to lifetime customer value. Moreover, the existing business models are evolving to achieve more profitability amid global competition. The number of people who read news online increased to 467 million in 2021, representing

more than half of all internet subscriptions. News is now offered in as many as 15 different languages on aggregator platforms.

- In-person entertainment:** In-person entertainment as well as the businesses and venues that rely on it—will face increased pressure to go beyond simply drawing people out of their virtual cocoons by innovating and differentiating itself from the living room. The Indian Broadcasting Foundation (IBF) changed its name to the Indian Broadcasting and Digital Foundation (IBDF) in order to broaden its scope to include digital platforms and to bring all over-the-top (OTT) digital players under one roof. The OTT platforms are expected to grow at a CAGR of 10% from 2020-2025 and by 2025, almost one in three individuals on the planet is expected to be using OTT video services.
- Strengthening Social Media:** Social media, the largest digital aggregator of humanity, would be at its strongest point, aiding in the next generation of retail buying. In 2021, the number of video watchers climbed by 10%, reaching 497 million, or around 94% of smartphone owners and wired broadband customers. According to a forecast by EY, the number of video viewers will surpass 600 million by 2024. The aforementioned data does not include YouTube, which was expected to surpass 500 million MAU (Monthly Active Users) by the end of 2021. India already has the largest network and platform for M&E industry in the world, since it is available on the majority of phones in cities and towns as well as in over 600,000 villages.
- Rise of NFTs (Non-Fungible Tokens):** The quick rise of NFTs and their success in providing exclusivity to digital commodities will drive new types of customer engagement and loyalty. They'll also lead to more digital product innovation, better empowerment for their creators, and a fuller realization of the high objectives for blockchain, cryptocurrencies, and the decentralized web. There is currently no formal law or legislation in effect that prohibits or restricts an Indian resident from purchasing or selling NFTs. However, increased transparency regarding the legality of cryptocurrencies will encourage NFT trading.
- Moving towards metaverse:** Technological advancements has been slowly bringing humanity closer to the metaverse (a digital world), in which people will spend more time in immersive, social, digital environments and the digital world will expand into the physical world. By the year 2025, India will lead the way with 500 million active consumers using web 3.0.

Opportunities and Threats

The media and entertainment (M&E) industry continues to endure extraordinary transformation, characterized by rising customer expectations, a fast expanding list of new enabling technologies, an unpredictable macroeconomic and regulatory environment, and stiff competition.

Opportunities

Understanding usage of omnipresent data

Frequently, data exists in several layers or formats inside a Company, preventing it from driving decision making. In addition to breaking down organisational and technical barriers that impede successful data sharing, leaders must express a clear picture of how data provides competitive advantage. The workforce in media and entertainment must become competent at exploiting the new generation of artificial intelligence tools, such as RPA, to uncover patterns and insights hidden within the data. Since the core of many alliances will be data sharing, the partners' capacity to aggregate data and make it useable for all parties will determine their success to a great extent.

Prepare for the 5G future

Priority for media and entertainment organisations would be to establish a multitude of use cases for how 5G may enhance or generate new offerings. Internally, businesses must spend similar effort to determining how 5G might improve efficiency, reduce costs, and expand capabilities.

Gaining from highly talented employees

Due to the continuous evolution of the business environment, media and entertainment firms require a more flexible, adaptable, digitally aware, and creative staff. The talent composition of M&E organisations must be evaluated in relation to the shifting nature of the work that will be required over the coming decade. India has huge pool of talented workforce that could drive the country's media and entertainment industry way forward.

Winning more customers using content discovery tools

To create more contextually relevant discoveries and experiences, M&E organisations must go deeper and employ hyper-detailed descriptors for each and every piece of content they maintain. This specificity applies to customers as well, which is causing organisations in the M&E industries to shift from marketing based on demographics to marketing based on "personas" of customers, which are informed and enabled by data.

Threats:

- Disruptive technologies are a threat to media firms that haven't been aggressive in leveraging them for their benefit.
- The M&E industry operations have always been affected by macroeconomic and political risks. The contemporary political and economic climate has been more unstable recently than ever thereby posing threat to the M&E industry.
- Every media organisation participates in a strong competition for a higher audience share. Ratings or circulation data are a weakness for particular industries at any one period.
- In some conventional media industries, when a shift in consumer media preferences has resulted in a good brand, but a huge workforce and shrinking client base, cost structure poses a challenge.

Since the completion of the acquisition of Quintillion Media Limited's digital business on July 1, 2020, the Company's financials have experienced a significant alteration. As compared to the previous fiscal year, the revenue from operations increased by 68.3% in FY 2021-22.

The total expenses increased by 30.3% in FY 2021-22. The above-mentioned acquisition cost for the Company, has been

included in an extraordinary item which stood at Rs.0.50 crores in FY 2021-22. Consequently, the Company recorded net profit of Rs.4.8 crores in FY 2021-22 as compared to net loss of Rs.1.9 crore in FY 2020-21.

During the quarter ending on March 31, 2022, the Company finalised the acquisition of holdings in the digital media and mediatech businesses of Quintillion Media Limited ("QML") having subsidiaries named Quintillion Business Media Limited ("QBM"), Quintype Technologies India Limited ("Quintype India"), Spunklane Media Private Limited ("Spunklane Media"), and YKA Media Private Limited ("YKA"). The Company approved a rights issue of equity shares with the intention of raising up to Rs.125 crores in new capital through the sale of these shares.

Moreover, during the year, the Company has engaged into a five-year Franchisee Agreement and launched its international platform called Quint World. Adani Group has proposed to acquire a minority stake of 49% in QBM, a step down subsidiary of Quint Digital Media Limited. The proposed transaction with the Adani Group is only for QBM which is a digital business news platform and not in relation to other digital media/media tech properties owned/ invested by Quint Digital viz. The Quint, Quintype India, thenewsminute and Youthkiawaaz. The proposed acquisitions are strategic steps for expansion & diversification into digital media segments and access to technology to help create, distribute and monetize content.

Product-wise OR Segment-wise Performance

The top eight industries contributed 47% of the total revenues generated by the digital business, with the Infrastructure (9%), BFSI (8%) and Entertainment (8%) sectors contributing the most in decreasing order. During the reporting fiscal year, Programmatic & Partner revenues accounted for 40% of the whole pie in terms of revenue models. The Company's three platforms also have a dispersed viewership reach and engagement performance across multiple mediums, including its own websites, applications, and all social media channels, including YouTube, Instagram, Facebook, etc. During the period under review, the total page views, video views, unique viewers, and impressions for all of these channels were 968 million, 1,244 million, 1,293 million, and 14.3 billion, respectively. The total number of subscribers across all social media networks was 22 million during FY 2021-22 as compared to that of 14.8 million recorded in FY 2020-21.

Key Financial Ratios

The details of changes in the key financial ratios as compared to previous year are stated below:

Ratio	Ref Note	Unit	FY 2020-21	FY 2021-22	% Change
Inventory Turnover	1	Days	-	-	-
Debtors Turnover	2	Days	2.77	3.75	35.18
Current Ratio	3	Times	2.09	1.17	146.47
Interest Coverage Ratio	4	Times	(1.13)	6.94	(711.94)
Debt: Equity	5	Times	0.45	0.54	(21.59)
EBITDA Margin	6	%	7.22	41.92	480.29
Operating Profit margin	7	%	(4.87)	21.33	(538.24)
Net Profit Margin	8	%	(8.80)	13.58	(254.26)
Return on Net worth	9	%	(5.64)	14.37	(354.56)

- Inventory Turnover:** As the Company has no inventory, there is no inventory turnover ratio.
- Debtors Turnover Ratio:** The Company's trade receivables grew faster than its operating income. With the acquisition of the digital content Company, the Company's business mix has changed, resulting in this variation. Along with the liquidity issues in the market, the COVID-19 pandemic also raised the amount of pressure that was placed on receivables.
- Current ratio:** The preferential allotment of compulsorily convertible preference shares (CCPS) and warrants undertaken has resulted in the Company having more cash and current assets without a corresponding increase in current liabilities. This has caused the current ratio to increase significantly over the course of the past year. However, the Company increased its debt position since the purchase price of the digital content business was paid in cash. Because of this, the current liabilities have increased, which has, in turn, caused the current ratio to decrease.
- Interest Coverage Ratio:** The Interest Coverage Ratio grew from a deficit to growth due to increased profitability.
- Debt-to-Equity Ratio:** The increase in debt in order to fund the acquisition has predominantly had a negative impact on the Debt-to-Equity Ratio.
- Earnings before interest Tax Depreciation and Amortization (EBITDA) Margin:** The EBITDA Margin has increased due to significantly higher operational revenues
- Operating Profit Margin:** The operating profit for the Company was significantly higher than the previous year, as the Company's acquired digital platforms generated significantly greater operating revenues and profitability in FY 2021-22.
- Net Profit Margin:** The Net Profit has increased significantly over the course of the year, as the Company's acquired digital platforms have generated increased revenue.

Business Outlook

The Company is part of the digital/mobile/fast-moving digital content industry, which was one of the only two segments of the media and entertainment industry to grow in 2020, a year that brought unprecedented challenges. The Company is in full expansion and scaling-up mode, not just for today for future as well as evidenced from the acquisitions made recently. Moreover, in the near future, Quintype India plans to enter into a master franchise agreement for the Middle East Territory. The Company's strategy is to continue to innovate and be ahead of the technological curve, challenge the status quo — through in-depth, visually powerful, community-driven stories, features, and interactive multimedia formats. The Company's potential as the world's leading digital-only news broadcasting organisation is extremely promising from the perspective of long-term viability of their business.

Risk and Mitigation

External Risks

a) Macro Risks

The rate of increase in the country's Gross Domestic Product and the phases of the business cycle are the primary macro-economic risks that have a substantial impact on the performance of the Company. These macro-economic factors have a relatively large impact on the advertising income generated by the Company, compared to other macro factors. Other factors, such as the unemployment and inflation rates, as well as the government debt level, have a more indirect effect. Non-economic macro risks relate to the stability of political and regulatory regimes, which may create an unfavourable operating environment for the Company and impact its business.

b) Security Risks

Natural catastrophes, terrorist attacks, theft, arson, and attacks during civil disturbance pose a threat to the Company's property and personnel. Such large-scale societal incidents have an indirect impact on the Company's

business by establishing an unfavourable business climate that leads to decreased spending.

c) Peer Risks

The digital news media business has low entry hurdles and already includes a large number of players, including traditional news media and digital-only companies. Spending on content and digital marketing can have a substantial impact on the readership and engagement. This may entice other competitors to enter the market with greenfield investments or brownfield investments in existing competition. The greater the competition, the more dispersed the viewership and, thus, the advertising spends.

Internal Risks

d) Legal Risks

Any noncompliance with existing rules and regulations in the usual course of business may result in litigation or fines that have a negative impact on the Company's financial performance and reputation. Due to the fact that the Company's operation entails the creation of news information, it may be subject to legal action from parties adversely affected by such reporting.

e) HR Risks

The calibre of journalists, production technicians, digital marketers, and other team members has a significant impact on the quality of our content creation and its reach/engagement. To prevent disruptions in developing and sharing high-quality information, acquiring and retaining talent is a significant challenge.

f) Economic Risks

The Company's financial performance may be impacted by instances of financial fraud or misappropriation of funds by an employee or a supplier. Any major mismatch between the timing of costs or investments and collections may necessitate the use of short-term loans and the incurrence of interest fees, in addition to provisions or write-offs for uncollected income.

g) Technical Risks

Due to the fact that the Company is a Digital News Media organisation, its content generation and dissemination processes primarily rely on IT technologies. Any large-scale and protracted disruption in such systems could have a negative impact on the firm. This includes risks posed by hackers, server overload due to excessive traffic or DDOS assaults, and other systemic weaknesses.

The following are high-level strategies for managing risks and mitigating the effects of an unfavorable event:

- i. Natural hedge to risk: Diversification of revenue streams, goods, suppliers, etc. and building redundancy for people/ systems/ other resources creates a natural hedge against disruptions.
- ii. Due diligence: For guaranteeing all compliances and combating fraud and theft.
- iii. Invest in Insurance: Invest in suitable insurance protection against security and Legal threats.
- iv. Investments in People, Systems, and Marketing: The Company believes in investing in the best people, systems, and marketing campaigns to ensure that content creation with the required level of quality and innovation continues uninterrupted and can successfully compete for the viewer's attention on the market.
- v. Resilient Organization Culture: The correct management structure, procedures, and people to establish an organisation culture that attracts and retains top performers and enables them to execute at their highest level.
- vi. Investments in Technology: To ensure the Company's systems and platforms are accessible 24 hours a day, 7 days a week by preventing any outages.

Internal Controls

The Company has implemented the necessary internal control systems for its entire business segments. The control systems have been designed in accordance with the best practices of the industry to ensure the protection of its resources, to minimise risks, to maintain the accuracy of reporting, and to promote strict compliance with established procedures, policies, and regulations, without sacrificing the organization's ability to achieve its business objectives.

Through a well-defined procedure involving the Audit Committee and top management, the controls are monitored, reviewed, and appropriately changed. The nature, frequency, and scope of these internal audits to assess the controls and processes are commensurate with the Company's business size and nature. Additionally, the Audit Committee reviews the Company's risk management structure and financial reporting.

Human Resource Development

The Company takes pride in the expertise of the personnel it has acquired over the years. It has constructed its effective

digital news media platform on the foundation of its people. With the help of the Human Resource function, the Company's leadership has fostered a culture of performance, collaboration, and transparency that fosters individual development and team cohesion. This has enabled the Company to not only retain its key personnel, but also recruit the industry's top talent. The average age of the professionals on its reporting, editorial, social media, and sales teams is under 40, which is consistent with the target audience of its media properties. In addition to being a champion of gender diversity, the Company employs 44.15% women out of a total of 188 staff members as of March 31, 2022.

Cautionary statement

This report contains statements that may be "forward looking" including, but without limitation, statements relating to the

implementation of strategic initiatives, and other statements relating to the Company's future business developments and economic performance. While these forward- looking statements indicate our assessment and future expectations concerning the development of our business, a number of risks, uncertainties and other unknown factors could cause actual developments and results to differ materially from our expectations. These factors include, but are not limited to, general market, macroeconomic, governmental and regulatory trends, movements in currency exchange and interest rates, competitive pressures, technological developments, changes in the financial conditions of third parties dealing with us, legislative developments, and other key factors that could affect our business and financial performance. SEBI in the recent past vide its inter-alia circular dated November 3, 2021 and December 14, 2021 has mandated shareholders holding securities in physical form to furnish PAN, Nomination Details, Contact details (Address with PIN, Mobile number and Email address), Bank account details and Specimen signature before they could avail any investor service. Accordingly, w.e.f. January 1, 2022, the RTA have started not to process any service requests or complaints received from the holder(s) / claimant(s), till PAN, KYC and Nomination documents/details are received/updated.

Folios wherein any one of the above mentioned details are

not available by April 1, 2023, shall be frozen. The relevant forms prescribed by SEBI for furnishing the above details are available on the website of the Company at www.quintdigitalmedia.com. The concerned shareholders are requested to register/ update the above mentioned details by submitting the prescribed forms duly filled and signed by the registered holders, by e-mail from their registered e-mail address to cs@thequint.com or by submitting a physical copy thereof to the Skyline Financial Services Private Limited at A-505/506, Dattani Plaza, Andheri-Kurla Road, Safeed Pool, Andheri East, Mumbai – 400 072 India or through Email at subhashdhingreja@skylinerta.com.

Members holding shares in physical form are requested to intimate any change of address and/or bank mandate to the RTA of the Company by sending a request in Form ISR-1 to the RTA at subhashdhingreja@skylinerta.com.

Members holding shares in dematerialized mode are also requested to register / update their PAN, Contact details (Address with PIN, Mobile number and Email address), Bank account details and Specimen signature with their respective Depository Participants (DPs), in case any of the said details are yet not updated or any change in the said details.

16. Members can avail the facility of nomination in respect of shares held by them in physical form pursuant to the provisions of Section 72 of the Act. Members desiring to avail this facility may send their nomination in the prescribed Form No. SH-13 duly filled in to RTA at their office address. If a member desires to opt-out or to cancel the existing nomination and record a fresh nomination, the member may request for the same in Form ISR-3 or Form SH-14 to the RTA, as the case may be. The forms are available on the website of the Company i.e. www.quintdigitalmedia.com. Members holding shares in electronic form may contact their respective Depository Participants for availing this facility.

17. SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/ CIR/2022/8 dated January 25, 2022 has mandated listed companies to issue securities in dematerialised form only while processing service requests pertaining to viz. issue of duplicate securities certificate, claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/folios, transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR- 4, the format of which is available

on the Company's website at www.quintdigitalmedia.com. Members are requested to note that any service request would be processed only after the folio is KYC Compliant.

18. In view of the same and to eliminate all risks associated with physical shares and inherent benefits of dematerialization, Members are advised to dematerialise the shares held by them in physical form. Members can contact RTA for further assistance in this regard.
19. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised to not leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned DP and holdings should be verified from time to time.

DISPATCH OF ANNUAL REPORT THROUGH EMAIL AND REGISTRATION OF EMAIL IDs

20. In compliance with the applicable regulatory requirements, the Notice of 37th AGM and Annual Report for the Financial Year 2021-22 are being sent only through electronic mode to those Members who have registered their e-mail addresses with the Company or with the Depositories.
21. Shareholders holding shares in physical forms are requested to register/ update their email addresses by sending scanned copy of the following details to RTA at subhashdhingreja@skylinerta.com:

Instructions and other information relating to remote e-voting are as under:

Step 1: Access through CDSL e-Voting system in case of individual shareholders holding shares in demat mode

- (i) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of the Listing Regulations, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only

facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (ii) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by the Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

Type of shareholders	Login Method
Individual Shareholders holding securities in Demat mode with CDSL	<ol style="list-style-type: none"> 1. CORPORATE GOVERNANCE

In accordance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments thereto (hereinafter referred to as (the “**Listing Regulations**”), given below are the corporate governance policies and practices of Quint Digital Media Limited (“**the Quint**”) for the year 2021-22.

Corporate Governance is about our commitment to human values in business which translates into ethical corporate conduct. Corporate Governance is an integral element of Company’s value system, management ethos, and business practices. Corporate Governance practice are reflection of one’s value, culture, policies, and the way it deals with various stakeholders. Timely and accurate disclosure of information regarding the financial situation, performance, ownership, and governance of the Company is an important part of Corporate Governance. When adhered to and implemented in the best of spirit, Corporate Governance positively impact the activities, processes, and policies of an organization, portray a positive vision to investors and enhance the trust and confidence of the stakeholders. It can also influence its immediate corporate environment and the society at large in a positive way and have a healthy impact on the national economy.

We believe that good Corporate Governance is a continuing exercise, and the Company is committed to ensure the same by focusing on strategic and operational excellence and also believe that integrity and transparency are key to our Corporate Governance practices which ensure us to gain and retain the trust of our stakeholders.

This Report, therefore, states compliance as per requirements of the Companies Act, 2013 (“the Act”) and the Listing Regulations, as applicable to the Company.

1. Governance Philosophy

Corporate Governance has occupied pivotal position at the Quint. The business has been conducted in most transparent and ethical manner. The Quint governance framework is driven by the objective of enhancing long term stakeholder value without compromising on ethical standards and corporate social responsibilities. All the necessary steps have been taken, with changing socio-economic scenario to ensure that the conduct of business is as per the policies of the management, namely Honesty, Transparency and Ethical Behaviour. The Quint has implemented corporate governance practices that go beyond just meeting the letter of law.

2. Board of Directors

In keeping with the commitment of the Management to the principle of integrity and transparency in business operations for good corporate governance, the Company’s policy is to have an appropriate blend of executive, non-executive, and independent directors to maintain the independence of the Board and to separate the Board functions of governance and management.

A. Composition

As per to regulation 17(1)(b) of the Listing Regulations, where the Chairman is a non-executive director, at least one third of the Board of the Company should consist of independent directors. This provision is met at the Quint.

The Company’s policy is to maintain optimum combination of Executive and Non-Executive Directors. As on 31 March 2022, the Board of the Company consisted total seven directors, of whom one was executive director (designated as Managing Director and CEO) and six non-executive director (including three independent directors). The Board has no institutional nominee director and the Company had Non-Executive Chairman.

The composition of the Board represents a healthy blend and optimal mix of professionalism, knowledge and experience which enables the Board to discharge its responsibilities and provide effective leadership for long-term vision and to achieve the highest level of governance. The Board reviews its strength and composition from time to time to ensure that it remains aligned with the statutory, as well as business requirements.

FINANCIAL
STATEMENT
2022**

Independent Auditor’s Report

To the Members of Quint Digital Media Limited (formerly known as Gaurav Mercantiles Limited)

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Quint Digital Media Limited (formerly known as Gaurav Mercantiles Limited) (‘the Company’), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (‘the Act’) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (‘Ind AS’) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (‘ICAI’) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit procedures addressed the key audit matter
<p>A. Capitalisation and amortisation of content development cost</p> <p>(Refer note 2.2(b) for the accounting policies and note 46 for the disclosures made in the accompanying standalone financial statements)</p> <p>The Company provides digital media services to its customers by developing diverse digital content such as videos, articles and documentaries, which is monetised by the Company over various digital platforms. The Company has assessed that such digital media content meets the recognition criteria as per Ind AS 38, Intangible Assets.</p>	<p>Our audit procedures relating to capitalization and amortization of content development cost included, but were not limited to the following:</p> <ol style="list-style-type: none"> a) Evaluated the appropriateness of accounting policy for capitalisation and amortisation of such cost in terms of accounting principles enunciated under Ind AS 38. b) Obtained an understanding from the management, evaluated the design and implementation of Company’s key internal controls in respect of capitalisation and amortisation of such cost and tested the operating effectiveness of such controls throughout the year.

Key audit matter	How our audit procedures addressed the key audit matter
<p>The cost incurred in content development includes scripting, editing, visual effects and quality check and the process to record such costs requires various estimates to be made by the management which involves significant judgement to be exercised and is dependent on various internal and external factors such as establishing basis for shooting and editing costs, determining direct and indirect costs and further allocating the direct expenses to short term or long-term projects, based on actual number of employee hours incurred on the projects.</p> <p>The aforesaid, cost capitalised as content development is amortised based on historical viewing patterns which involves inherent estimation uncertainty.</p> <p>Considering the materiality of the amounts involved, and high degree of subjectivity relating to management judgement and estimates that required significant auditor attention, we have identified this as a key audit matter in the current year audit.</p>	<p>c) Reviewed the capitalisation workings such as direct costs allocated to long-term projects and performed re-computation of amortisation workings as per the accounting policy.</p> <p>d) Tested historical viewing patterns used in determining amortisation policy and evaluated the appropriateness of the same.</p> <p>e) Performed substantive analytical procedures which included quarter on quarter trend analysis considering both qualitative and quantitative factors to identify any unusual trends or any unusual items</p> <p>f) Performed sensitivity analysis of certain key assumptions such as hourly rates and language conversion costs pertaining to time cost of employees capitalized to determine the impact of estimation uncertainty.</p> <p>g) Performed substantive testing of cost capitalised by reviewing the underlying supporting documents such as shooting, editing and travel invoices to confirm the accuracy of amount capitalised; and</p> <p>h) Evaluated the appropriateness of disclosures made in the standalone financial statements in accordance with the applicable accounting standards</p>
<p>B. Assessment of control and significant influence over investee companies</p> <p>(Refer note 2.2(l) and 2.2(m) for accounting policy relating to control and significant influence)</p> <p>As disclosed in note 38.2 to the standalone financial statements, the Company has acquired 47.92% stake in Spunklane Media Private Limited ('Spunklane') and 100% stake in Quintillion Media Private Limited ('QMPL') during the year. QMPL has further investments in two partially-owned subsidiaries and one associate.</p> <p>In view of the above, management's assessment of control in partially-owned subsidiaries involved significant judgement to assess whether it has current ability to direct the relevant activities of such subsidiaries, through contractual or other rights and obligations of co-investors, in order to determine whether the Company is exposed, or has rights, to variable returns from its involvement in such companies and has ability to affect those returns through its power over such companies, in accordance with Ind AS 110, Consolidated Financial Statements ('Ind AS 110').</p>	<p>Our audit procedures on assessment of control and significant influence over investee companies included, but were not limited to the following:</p> <p>a) Performed discussions with the management to understand their process of determining control and significant influence over investee companies and tested the design and operating effectiveness of the internal controls over the process.</p> <p>b) Evaluated the appropriateness of the accounting policies adopted by the management in accordance with Ind AS 28 and Ind AS 110.</p> <p>c) Reviewed the shareholders agreement (including affirmative rights), minutes of the board meetings, etc. and evaluated management assessment of control under Ind AS 110, and significant influence under Ind AS 28 in respect of its investment in Spunklane, which included determination of the relevant activities of Spunklane and assessment of participative or/and protective rights of various shareholders; and</p>

Key audit matter	How our audit procedures addressed the key audit matter
<p>Further, the Company assesses that it has significant influence over investee when it has more than 20% voting rights or / and representation on the board of directors or / and power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies, in accordance with Ind AS 28, Investments in Associates and Joint Ventures ('Ind AS 28').</p> <p>Considering the materiality of the amounts involved and significant judgement required in determining who directs the relevant activities of partially owned investee companies, including determination of participative or/and protective rights of shareholders, we have considered this matter as a key audit matter in the current year audit.</p>	<p>d) Assessed the appropriateness of disclosures made in the standalone financial statements in accordance with the requirements of applicable Indian Accounting Standards.</p>

Information other than the Financial Statements and Auditor's Report thereon

6. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Report on Corporate Governance and Directors Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

7. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified

under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material

- misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
 12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
- Other Matter**
15. The standalone financial statements of the Company for the year ended 31 March 2021 were audited by the predecessor auditor, ASDJ & Associates who have expressed an unmodified opinion on those standalone financial statements vide their audit report dated 14 April 2021.
- Report on Other Legal and Regulatory Requirements**
16. As required by section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
 17. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure I a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 18. Further to our comments in Annexure I, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The standalone financial statements dealt with by this report are in agreement with the books of account;
- d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2022 and the operating effectiveness of such controls, refer to our separate Report in Annexure II wherein we have expressed an unmodified opinion; and
- g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us :
- i. the Company does not have any pending litigations which would impact its financial position as at 31 March 2022;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2022;
 - iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2022;
 - iv. a. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
 - b. The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year ended 31 March 2022.

- (b) The Company has a working capital limit in excess of Rs 50,000 thousands, sanctioned by banks and financial

institutions on the basis of security of current assets. However, pursuant to terms of the sanction letters, the Company is not required to file any quarterly return or statement with such banks or financial institutions.

- (iii) (a) The Company has provided loans to Subsidiaries and Others during the year as per details given below:

Particulars	Loans (₹ in thousands)	Advances in nature of loans (₹ in thousands)
Aggregate amount provided/granted during the year:		
– Subsidiaries	127,000	-
– Others	-	300
Balance outstanding as at balance sheet date in respect of above cases:		
– Subsidiaries	127,000	-
– Others	-	190

- (b) In our opinion, and according to the information and explanations given to us, the investments made and terms and conditions of the grant of all loans are, prima facie, not prejudicial to the interest of the Company. Further the Company has not provided any guarantees, advances in the nature of loans or given any security.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments/ receipts of principal and interest are regular. In respect of advance in the nature of loans granted by the Company, the schedule of repayment of principal has been stipulated and the repayments of principal is regular. Further, no interest is receivable on such advances in the nature of loans.
- (d) There is no overdue amount in respect of loans granted to such companies or other parties. The Company has not granted any loans to firms or LLPs.
- (e) The Company has not granted any loan or advance in the nature of loan which has fallen due during the year. Further, no fresh loans were granted to any party to settle the overdue loans/advances in nature of loan.
- (f) The Company has granted loans which are repayable

on demand as per details below:

Particulars	Related Parties (₹ in thousands)
Aggregate of loans	
- Repayable on demand (A)	127,000
- Agreement does not specify any terms or period of repayment (B)	Nil
Total (A+B)	127,000
Percentage of loans to the total loans	100%

- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans and investments as applicable. There are no guarantees or security given by the Company.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's business activity. Accordingly, reporting under clause 3(vi) of the Order is not applicable.
- (vii) (a) In our opinion, and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no statutory dues referred to in subclause (a) above that have not been deposited with the appropriate authorities on account of any dispute.
- (viii) According to the information and explanations given to us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not

been recorded in the books of accounts.

- (ix) (a) According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us including confirmations received from banks and financial institution and representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or other lender.
- (c) In our opinion and according to the information and explanations given to us, money raised by way of term loans were applied for the purposes for which these were obtained.
- (d) In our opinion and according to the information and explanations given to us, and on an overall examination of the financial statements of the Company, funds raised by the Company on short term basis have not been utilised for long term purposes.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or associates.
- (f) According to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries or associate companies.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or (fully, partially or optionally) convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.

- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the period covered by our audit.
- (b) No report under section 143(12) of the Act has been filed with the Central Government for the period covered by our audit.
- (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistleblower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.
- (xiv) (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system as required under section 138 of the Act which is commensurate with the size and nature of its business.
- (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them and accordingly, provisions of section 192 of the Act are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clauses 3(xvi)(a),(b) and (c) of the Order are not applicable to the Company.
- (d) Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC.

Annexure II

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Quint Digital Media Limited (formerly known as Gaurav Mercantiles Limited) ('the Company') as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements .

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud

may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements

criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

1. Company overview

Quint Digital Media Limited (“the Company”) is a public limited company domiciled in India, with its registered office situated at 403, Prabhat Kiran, 17 Rajendra Place, New Delhi-110008 and its equity shares are listed on the Bombay Stock Exchange. The Company has been incorporated on 31 May 1985 under the provisions of the Indian Companies Act and was previously known as Gaurav Mercantiles Limited. The name was changed to Quint Digital Media Limited on 21 September 2020. The Company is primarily engaged in the business of running websites through web, digital or mobile media and which may include various information including current affairs, lifestyle, entertainment etc.

2. Basis of preparation, measurement and significant accounting policies

2.1 Basis of preparation and measurement

i) Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act and guidelines issued by the Securities and Exchange Board of India (SEBI)..

The standalone financial statements were approved for issue by the Company’s Board of Directors on 30 May 2022.

ii) Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities that are measured at fair value; and
- defined benefit plans – plan assets measured at fair value

iii) New and amended standards adopted by the Company

The Company has applied the following amendments to Ind AS for the first time for their annual reporting period commencing 1 April 2021:

- Interest rate benchmark reform – amendments to Ind AS 109, Financial Instruments, Ind AS 107, Financial Instruments: Disclosures, and Ind AS 116, Leases. The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

iv) Reclassifications consequent to amendments to Schedule III

The Ministry of Corporate Affairs amended the Schedule III to the Companies Act, 2013 on 24 March 2021 to increase the transparency and provide additional disclosures to users of financial statements. These amendments are effective from 1 April 2021.

Consequent to above, the Company has changed the classification/presentation of (i) current maturities of long-term borrowings (ii) security deposits, in the current year (iii) Current tax liability.

The current maturities of long-term borrowings (including interest accrued) has now been included in the “Current borrowings” line item. Previously, current maturities of long-term borrowings and interest accrued were included in ‘other financial liabilities’ line item.

Security deposits (which meet the definition of a financial asset as per Ind AS 32) have been included in ‘other financial assets’ line item. Previously, these deposits were included in ‘loans’ line item.

Further, Current tax liability is shown separately in restated financials. However, previously, it was clubbed with Provisions.

The Company has reclassified comparative amounts to conform with current year’s presentation as per the requirements of Ind AS 1. The impact of such classifications is summarised below:

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

Balance Sheet (extract)	31 March, 2021 (as previously reported)	Increase/(decrease)	31 March, 2021 (restated)
Other Financial assets (non-current)	19,000	3101.22	22,101.22
Loans (non-current)	3101.22	(3,101.22)	-
Current borrowings	136,397.46	376.612	136,774.08
Other Financial liabilities (current)	11,011.12	376.612	10,634.50
Provisions (current)	2,523.60	1,720.20	803.40
Current tax liabilities (net)	-	1,720.20	1,720.20

2.2 Summary of significant accounting policies

a) Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Capital expenditure incurred on rented properties is classified as 'Leasehold improvements' under property, plant and equipment.

Subsequent measurement

Subsequent costs are included in the asset's

Asset category	Useful life as per Schedule II (in years)	Estimated Useful life by Management (in years)
Leasehold Improvement	Lower of useful life or respective lease term	Lower of useful life or respective lease term
Plant and Machinery	13 Years	5 Years
Furniture and fixtures	10 Years	10 Years
Computers and hardware	3 Years	3 Years
Vehicles	8 Years	8 Years
Office equipment	5 Years	5 Years

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

Where, during any financial year, any addition has been made to any asset, or where any asset has been sold, discarded, demolished or destroyed, or significant components replaced; depreciation on such assets is calculated on a pro rata basis as individual assets with specific useful life from the month of such addition or, as the case may be, up to the month on which such asset has been sold, discarded, demolished or destroyed or replaced.

carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives (as set out below) as prescribed in Schedule II of the Act: -

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

b) Intangible assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebate less accumulated amortization/ depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Company and cost can be measured reliably.

Gains or losses arising from derecognition of intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

The Company's intangible assets comprises assets with finite useful life which are amortized on a straight-line basis over the period of their expected useful life.

Computer Software are being amortized over the license period.

The amortization period and the amortization method for Intangible Assets with a finite useful life are reviewed at each reporting date. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss.

Asset class	Useful life (in years)
Trademarks	10 Years
Website	5 Years
Brand Development	5 Years
Domain Cost	1 to 5 Years
Video Cost*	4 Years

*Video costs are being amortized over 4 years for all videos/ programs produced by the Company and over the license period for videos/ programs purchased from others. Based on the estimate of the management that

the video viewership will be over the life of 4 years, the period is used for amortization of costs capitalized by the company. Amortization of video cost is 60% of the cost capitalized in first year from the date of publishing, 20% of the cost capitalized in the second year and 10% each in third and fourth year, on straight line basis.

Amortization methods and periods

Intangible Assets under development

Expenditure on video costs eligible for capitalization are carried as intangible assets under development where such assets are not yet ready for their intended use or publishing.

c) Leases

The Company, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset.

Ind AS 116 will result in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments. On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-of-use asset, and finance cost for interest accrued on lease liability.

The following is the summary of practical expedients elected on initial application:

- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

that were previously identified as leases under Ind AS 17.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option

d) Foreign currency translation

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency's

closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Nonmonetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

e) Revenue recognition

To determine whether to recognize revenue from contracts with customers, the Company follows a 5-step process:

1. Identifying the contract with customer
2. Identifying the performance obligations
3. Determining the transaction price
4. Allocating the transaction price to the performance obligations
5. Recognising revenue when/as performance obligation(s) are satisfied.

Revenue from contracts with customers represents sale of services. Revenue from rendering of services includes advertisement revenue, subscription revenue, revenue from sale of content, program revenue, revenue from sponsorship of events and revenue from media related professional and consultancy services. Revenue from rendering of services is recognised over time where the Company satisfies the performance obligation over time or point in time where the Company satisfies the performance obligation at a point in time. Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, net of returns and allowances, trade discounts and volume rebates and excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

is generally due upon satisfaction of performance obligations and the receivable is recognized when it becomes unconditional.

Contract Balances

Trade receivables represents the Company's right to an amount of consideration that is unconditional. Revenues in excess of invoicing are considered as contract assets and disclosed as unbilled revenue. Invoicing in excess of revenues are considered as contract liabilities and disclosed as unearned revenues. When a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised and disclosed as advances from customers.

Contract liabilities are recognised as revenue when the Company performs under the contract.

Interest Income

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable. For all financial assets measured at amortized cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets. The future cash flows include all other transaction costs paid or received, premiums or discounts if any, etc. Interest income is included under the head "other income" in the statement of profit and loss.

f) Income taxes

The income tax expense comprises of current and deferred income tax. Income tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or directly in equity, in which case the related income tax is also recognised in Other Comprehensive Income or Equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities,

on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

Deferred tax

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and the carry forward of any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised, except when the deferred tax asset relating to the

deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable

that sufficient taxable profits will be available to allow all or part of the assets to be recovered. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Current and deferred taxes are recognised in the Statement of Profit and Loss, except when the same relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax relating to such items are also recognised in other comprehensive income or directly in equity, respectively.

g) Financial instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks, which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within the business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial

assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting

all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

h) Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments - for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk of trade receivables. The Company calculates the expected credit losses on trade receivables, using a provision matrix on the basis of its historical credit loss experience.

De-recognition of Financial Assets

The Company de-recognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay.

On de-recognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

equity is recognised in the Statement of Profit and Loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

De-recognition of Financial Liabilities

The Company de-recognises financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability de-recognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

Derivative Financial Instruments

The Company may enter into foreign exchange forward contracts to mitigate the foreign currency exposure risk. Derivatives are to be initially recognised at fair value at the date the derivative contracts are entered and will be subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss will be recognised in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss will depend on the nature of the hedge relationship.

Equity Investments

All investments in equity instruments classified under financial assets are initially measured at fair value; the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends and on an equity instrument measured at FVOCI, are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend

income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

i) Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

j) Fair value measurement and hierarchy

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use, or by selling it to another market participant that would use the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The carrying amounts of trade receivables, trade payables, payables towards capital goods, other Bank Balances and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. (Refer Note 39).

k) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposit accounts, margin deposit money and highly liquid investments with original maturities of three months or less that are readily convertible

to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts, if any, are shown within borrowings in current liabilities in the balance sheet.

Cash and cash equivalents comprise cash and cash on deposit with banks. The Company considers all highly liquid investments with a remaining maturity at the date of investment of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

l) Business Combination

The Company accounts for its business combinations under acquisition method of accounting. Acquisition related costs are recognised in the statement of profit and loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date.

Purchase consideration paid in excess of the fair value of net assets acquired is recognised as goodwill. Where the fair value of identifiable assets and liabilities exceed the cost of acquisition, after reassessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve.

Business combinations arising from transfers of interests in entities that are under common control are accounted at historical cost under pooling of interest method. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders' equity.

On acquisition of a business, the Company assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If a common control transaction is effected through the acquisition of assets and liabilities constituting a business under IND AS 103 (from an entity under common control) rather than by acquiring shares in that business, then the acquirer accounts for the transaction in its separate financial statements.

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

m) Employee benefit

Post-employment, long term and short-term employee benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions towards Provident Fund, Employee State Insurance and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plans

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/ superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972. The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurements of defined benefit plans in respect of post-employment and other long-term benefits are charged to the Other Comprehensive Income.

Bonus Plans

The Company recognizes a liability and an expense for bonus. The company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

Other long-term employee benefits

Long term compensated absences are provided for based on actuarial valuation at year end. The actuarial valuation is done as per projected unit credit method. The Company presents the compensated absences as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Short-term employee benefits

Short-term employee benefits are recognized as an

expense on accrual basis.

Employee share-based payments

The employees of the Company and its subsidiary receive remuneration in the form of share-based payments in consideration of the services rendered. Under the equity settled share-based payment, the fair value on the grant date of the awards given to employees is recognized as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer using Black Scholes Model. At the end of each reporting period, apart from the non-market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Company issues fresh equity shares.

n) Earnings per share (EPS)

Basic earnings per share

Basic EPS is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

Dilute earnings per share

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o) Provisions and Contingent liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Contingencies

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company; or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

p) Borrowing costs

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

q) Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on the current/non-current classification.

An asset is treated as current when:

- It is expected to be realized or intended to be sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realized within twelve months after the reporting period; or

- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Current assets include the current portion of non-current financial assets. The Company classifies all other assets as non-current.

A liability is treated current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Current liabilities include current portion of non-current financial liabilities. The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle for the purpose of current/non-current classification of assets and liabilities.

r) Rounding off amounts

All amounts disclosed in the financial statement and notes to accounts have been rounded off to the nearest thousands as per the requirement of Schedule III, unless otherwise stated.

2.3 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates. Estimates and underlying assumptions

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements includes:

- Measurement of defined benefit obligations (DBO)- refer note 29
- Estimation of useful lives of property, plant and equipment and intangible assets- refer note 3
- Evaluation of indicators for impairment of non-financial assets
- Determination of leases- refer note 37
- Allowance for expected credit loss on receivables- refer note 34.1
- Measurement of share based payments – refer note 36
- Estimation of current tax expense, current tax payable and uncertain tax position - refer note 27
- Capitalisation of internally developed intangible assets- refer note 3.2 and 46

2.4 Application of new and revised Indian Accounting Standard (Ind AS)

All the Ind AS issued and notified by the Ministry of Corporate Affairs ('MCA') under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorized have been considered in preparing these financial statements.

Standards issued but not effective

The Ministry of Corporate Affairs ("MCA") vide its notification dated March 23, 2022 has notified Companies (Indian

Accounting Standards) Amendment Rules, 2022 to further amend the Companies (Indian Accounting Standards) Rules, 2015. Amendments have been made to the following standards.

Amendment to Ind AS 16, Property, Plant and Equipment

The MCA vide notification dated March 23, 2022, has issued an amendment to Ind AS 16 which specifies that an entity shall deduct from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use.

Amendment to Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

The MCA vide notification dated March 23, 2022, has issued an amendment to Ind AS 37 which specifies that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Amendment to Ind AS 109, Financial Instruments

The MCA vide notification dated March 23, 2022, has issued an amendment to Ind AS 109 which clarifies that which fees an entity should include when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The amendments listed above will be effective on or after April 1, 2022 and are not expected to significantly affect the current or future periods.

Impact due to increase of 1 %	9,631.06	6,549.04
Impact due to decrease of 1 %	9,488.31	6,455.45
b) Impact of the change in salary increase		
Present value of obligation at the end of the year		
Impact due to increase of 1 %	10,097.95	7,046.15
Impact due to decrease of 1 %	9,057.92	5,951.74

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

Sensitivities due to mortality and withdrawals are not material. Hence impact of change is not calculated above.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligations calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

Risk

Actuarial Risk	It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons: Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected
Investment Risk	If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality and disability	Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

XII The average duration of the defined benefit plan obligation at the end of the reporting period is 2.37 year (previous year: 2.81 years)

XIII The estimates of rate of escalation in salary considered in actuarial valuation are after taking into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is as certified by the Actuary. The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

33 Fair value measurement

33.1 Valuation techniques used to determine fair value

The fair value of the financial assets and liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods were used to estimate the fair values:-

- Trade receivables, cash and cash equivalents, other bank balances, loans, other current financial assets, current borrowings, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Borrowings, taken by the Company are as per the Company's credit and liquidity risk assessment and there is no comparable instrument having the similar terms and conditions with related security being pledged and hence the carrying value of the borrowings represents the best estimate of fair value.
- The fair value of investment in mutual funds is measured at quoted price or net asset value (NAV).

The Chief financial Officer (CFO) is responsible performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values, through involvement of external experts, as may be considered necessary. The discussions and results are held between the CFO and the Audit Committee at least once every three months, in line with the Company's quarterly reporting periods

34 Financial risk management

Risk management

The Company's activities expose it to liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, cash and cash equivalents, other bank balances, loans and other financial assets, if any, measured at amortised cost	Aging analysis	Diversification of bank deposits and credit limits and regular monitoring and follow ups
Liquidity risk	Borrowings, trade payables and other financial liabilities, if any	Cash flow forecasts	Availability of committed credit lines and borrowing facilities wherever applicable
Market risk – foreign exchange	Future commercial transactions, recognised financial assets and liabilities not denominated in Indian rupee	Cash flow forecasting sensitivity analysis	Forward foreign exchange contracts (if considered appropriate by management)
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Diversification of loans

34.1 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The management also considers the factors that may influence the credit risk of its customer base, including the default risk etc. The carrying amounts of financial assets represent the maximum credit risk exposure.

A default on a financial asset is when the counterparty fails to make contractual payments as per agreed terms. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

The Company monitors its exposure to credit risk on an ongoing basis.

The Company closely monitors the credit-worthiness of the receivables through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company uses a simplified approach (lifetime expected credit loss model) for the purpose of computation of expected credit loss for trade receivables.

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

Category	Inputs	Assumptions
Individuals	Individual customer wise trade receivables and information obtained through sales recovery follow ups	Trade receivables outstanding for more than two years are considered irrecoverable. Other receivables are considered good due to ongoing communication with customers.
Corporates clients and agencies	Collection against outstanding receivables in past years	Trend of collections made by the Company over a period of four years preceding balance sheet date and considering default to have occurred if receivables are not collected for more than two years.
Others	Customer wise trade receivables and information obtained through sales recovery follow ups	Specific allowance is made by assessing party wise outstanding receivables based on communication between sales team and customers.

34.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, that it will have sufficient liquidity to meet its liabilities when they are due.

Management monitors the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows.

The Company takes into account the liquidity of the market in which the entity operates.

The Company, vide the resolution passed at the meeting of Nomination and Remuneration Committee ("NRC"), dated 29 January,2021, approved 'QDML ESOP Plan 2020' for granting employee stock options in the form of equity shares, linked to the completion of a minimum period of continued employment, to the eligible employees of the Company. The Members of the Company have approved the Scheme through postal ballot on 16 January 2021. The eligible employees, for the purpose of this scheme are determined by the NRC. Each stock option entitles the eligible employee to avail one share at the end of the vesting period.

The Company had granted 322,500 options to eligible employees on 29 January 2021 at the grant price of 54.20/- each. The NRC also resolved that the number of stock options granted to the employees and the Exercise Price shall be suitably adjusted upon approval of the bonus issuance on a 1:1 basis by the shareholders of the company. Bonus shares were issued to shareholders on 4th March 2021 and as a result the rights to stock option also accrued to the employees on the same date. There were no stock options granted to employees during the current financial year ended 31 March 2022.

The vested options can be exercised between a period from the vesting date to a period not later than 8 (Eight) years from the date of Grant of Options

(All amount in Rs., unless stated otherwise)

31 March 2021) is recognised in the statement of profit and loss of the Company pertaining to options issued to employees of the Company. The following principal assumptions were used in the valuation: Expected volatility was determined by comparison with peer companies, as the Company's shares are not presently publicly traded. The expected option life and average expected period to exercise, is assumed to be equal to the contractual maturity of the option. The risk-free rate is the rate associated with a risk-free security with the same maturity as the option. At each balance sheet date, the Company reviewed its estimates of the number of options that are expected to vest. The Company recognizes the impact of the revision to original estimates, if any, in the profit or loss in consolidated statement of comprehensive income, with a corresponding adjustment to 'retained earnings' in equity. 38.1 Business Acquisitions during the year ended 31 March 2021 under business combination

During the previous year ended 31 March 2021 Quint Digital Media Limited (formerly Gaurav Mercantiles Limited) ('the Company') has acquired the digital content business of Quintillion Media Limited (formerly known as Quintillion Media Private Limited) ('QMPL'), a Company under common control, which was being operated under brand name of "The Quint". The Company completed the acquisition of the Digital Content Business of "The Quint" on July 1, 2020 in terms of the Business Transfer Agreement (BTA) executed between the parties and commenced the relevant operations on a going-concern basis w.e.f. July 1, 2020.

Common control business combination, here, means a business combination involving entities in which all the combining entities or business are ultimately controlled by the same party or parties both before and after the business combination, and that control is not transitory. Both the Quint digital Media Limited (Acquirer Company) and QMPL are ultimately controlled by Mr Raghav Bahl and Ms Ritu Kapur both before and after the acquisition. As the business combinations involved entities under common control, it has been accounted for using the pooling of interests method in accordance with IndAS 103.

The pooling of interest method is considered to involve the following:

- (i) The assets and liabilities of the combining entities are reflected at their carrying amounts.
- (ii) No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies.
- (iii) No Goodwill is recognised

Notes to the financial statements for the year ended March 31, 2022

(All amount in Rs., unless stated otherwise)

- (iii) The financial information in the financial statements in respect of prior periods should be restated as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination. However, if business combination had occurred after that date, the prior period information shall be restated only from that date.

Thus, the Company has restated comparative Standalone financial statements for the financial year 2019-20 as if the acquisition of assets and liabilities had occurred on or before 1 April 2019, irrespective of the actual date of the combination which is 1 July 2020.

Reserves

The balance of the retained earning appearing in the financial statement of the QMPL (transferor) is aggregated with the corresponding balance appearing in the financial statement of the QDML (transferee). Independent Auditor’s Report

To the Members of Quint Digital Media Limited (formerly known as Gaurav Mercantiles Limited)

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Quint Digital Media Limited (formerly known as Gaurav Mercantiles Limited) (‘the Holding Company’) and its subsidiaries (the Holding Company and its subsidiaries together referred to as ‘the Group’) and its associates, as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiary and associate, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (‘the Act’) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (‘Ind AS’) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group and its associates, as at 31 March 2022, and their consolidated loss (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associates in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (‘ICAI’) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 15 of the Other Matter section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiary and associate, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit procedures addressed the key audit matter
<p>A. Capitalisation and amortisation of content development cost</p> <p>(Refer note and 3A(g) for the accounting policies and note 45 for the disclosures made in the accompanying consolidated financial statements)</p>	<p>Our audit procedures relating to capitalization and amortization of content development cost included, but were not limited to the following:</p> <ol style="list-style-type: none"> a) Evaluated the appropriateness of accounting policy for capitalisation and amortisation of such cost in terms of accounting principles enunciated under Ind AS 38.

Key audit matter	How our audit procedures addressed the key audit matter
<p>The Group provides digital media services to its customers by developing diverse digital content such as videos, articles and documentaries, which is monetised by the Group over various digital platforms. The Group has assessed that such digital media content meets the recognition criteria as per Ind AS 38, Intangible Assets.</p> <p>The cost incurred in content development includes scripting, editing, visual effects and quality check and the process to record such costs requires various estimates to be made by the management which involves significant judgement to be exercised and is dependent on various internal and external factors such as establishing basis for shooting and editing costs, determining direct and indirect costs and further allocating the direct expenses to short term or long-term projects, based on actual number of employee hours incurred on the projects.</p> <p>The aforesaid, cost capitalised as content development is amortised based on historical viewing patterns which involves inherent estimation uncertainty.</p> <p>Considering the materiality of the amounts involved, and high degree of subjectivity relating to management judgement and estimates that required significant auditor attention, we have identified this as a key audit matter in the current year audit.</p>	<p>b) Obtained an understanding from the management, evaluated the design and implementation of Group's key internal controls in respect of capitalisation and amortisation of such cost and tested the operating effectiveness of such controls throughout the year.</p> <p>c) Reviewed the capitalisation workings such as direct costs allocated to long-term projects and performed re-computation of amortisation workings as per the accounting policy.</p> <p>d) Tested historical viewing patterns used in determining amortisation policy and evaluated the appropriateness of the same.</p> <p>e) Performed substantive analytical procedures which included quarter on quarter trend analysis considering both qualitative and quantitative factors to identify any unusual trends or any unusual items</p> <p>f) Performed sensitivity analysis of certain key assumptions such as hourly rates and language conversion costs pertaining to time cost of employees capitalized to determine the impact of estimation uncertainty.</p> <p>g) Performed substantive testing of cost capitalised by reviewing the underlying supporting documents such as shooting, editing and travel invoices to confirm the accuracy of amount capitalised; and</p> <p>h) Evaluated the appropriateness of disclosures made in the consolidated financial statements in accordance with the applicable accounting standards</p>
<p>B. Assessment of control and significant influence over investee companies</p> <p>(Refer note 3A(b) and 3A(d) for accounting policy relating to control and significant influence)</p> <p>As disclosed in note 43(i) and 43(ii) to the consolidated financial statements, the Group has acquired 47.92% stake in Spunklane Media Private Limited and 100% stake in Quintillion Media Private Limited (QMPL) during the year. QMPL has further investments in two partially-owned subsidiaries and one associate.</p>	<p>Our audit procedures on assessment of control and significant influence over investee companies included, but were not limited to the following:</p> <p>a) Performed discussions with the management to understand their process of determining control and significant influence over investee companies and tested the design and operating effectiveness of the internal controls over the process.</p> <p>b) Evaluated the appropriateness of the accounting policies adopted by the management in accordance with Ind AS 28 and Ind AS 110.</p>

Key audit matter	How our audit procedures addressed the key audit matter
<p>In view of the above, management’s assessment of control in partially-owned subsidiaries involved significant judgement to assess whether it has current ability to direct the relevant activities of such subsidiaries, through contractual or other rights and obligations of co-investors, in order to determine whether the group is exposed, or has rights, to variable returns from its involvement in such companies and has ability to affect those returns through its power over such companies, in accordance with Ind AS 110, Consolidated Financial Statements (‘Ind AS 110’).</p> <p>Further, the Group assesses that it has significant influence over investee when it has more than 20% voting rights or / and representation on the board of directors or / and power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies, in accordance with Ind AS 28, Investments in Associates and Joint Ventures (‘Ind AS 28’).</p> <p>Considering the materiality of the amounts involved and significant judgement required in determining who directs the relevant activities of partially owned investee companies, including determination of participative or/and protective rights of shareholders, we have considered this matter as a key audit matter in the current year audit.</p>	<p>c) Reviewed the shareholders agreement (including affirmative rights), minutes of the board meetings, etc. and evaluated management assessment of control under Ind AS 110, and significant influence under Ind AS 28 in respect of its investment in Spunklane, which included determination of the relevant activities of Spunklane and assessment of participative or/and protective rights of various shareholders; and</p> <p>d) Assessed the appropriateness of disclosures made in the consolidated financial statements in accordance with the requirements of applicable Indian Accounting Standards.</p>

Information other than the Consolidated Financial Statements and Auditor’s Report thereon

6. The Holding Company’s Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Report on Corporate Governance and Directors Report, but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The accompanying consolidated financial statements have been approved by the Holding Company’s Board of Directors. The Holding Company’s Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associates in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies;

making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the Group and of its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group and of its associates.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
11. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence

that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act we are also responsible for expressing our opinion on whether the Holding Company, its subsidiaries and associates covered under the Act have adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information/ financial statements of the entities or business activities within the Group, and its associates, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent

auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

15. We did not audit the financial statements of one subsidiary, whose financial statements reflects total assets of Rs. 872,410.75 thousands and net assets of Rs. 863,371.69 thousands as at 31 March 2022, total revenues of Rs. Nil and net cash outflows amounting to Rs. 563.22 thousands for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (including other comprehensive income) of Rs. 5,083.03 thousands for the year ended 31 March 2022, as considered in the consolidated financial statements, in respect of one associate, whose financial statements has not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these

subsidiary and associate, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiary and associate, are based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

16. The financial statements also include the consolidated financial statements for the preceding year ended 31 March 2021, which have been approved by the Holding Company's Board of Directors and is based on management certified consolidated financial statements of the Group which has not been subjected to audit.

Report on Other Legal and Regulatory Requirements

17. As required by section 197(16) of the Act based on our audit and on the consideration of the report of the other auditor, referred to in paragraph 15, on separate financial statements of the subsidiaries, we report that the Holding Company and two subsidiary companies incorporated in India whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that one subsidiary company incorporated in India whose financial statements have been audited under the Act have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of such subsidiary company. Further, based on our audit and on the consideration of the report of the other auditor, referred to in paragraph 15, we report that the provisions of section 197 read with Schedule V to the Act are not applicable to two associate companies incorporated in India whose financial statements have been audited under the Act, since none of such companies is a public company as defined under section 2(71) of the Act.
18. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued till date by us and by the respective other auditors as mentioned in paragraph 15 above, of companies included in the consolidated financial statements for the year ended 31 March 2022 and covered under the

Act we report that, following are the qualifications/ adverse remarks reported by us and the other auditors in the Order reports of the companies included in the

consolidated financial statements for the year ended 31 March 2022 for which such Order reports have been issued till date and made available to us:

- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary companies and associate companies covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure I' wherein we have expressed an unmodified opinion; and
- g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and other financial information of the subsidiary and associate incorporated in India whose financial statements have been audited under the Act:
 - i. There were no pending litigations as at 31 March 2022 which would impact the consolidated financial position of the Group and its associates;
 - ii. The Holding Company, its subsidiary companies and associate companies did not have any long-

term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2022;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies and associate companies covered under the Act, during the year ended 31 March 2022;

iv. a. The respective managements of the Holding Company and its subsidiary companies and associate companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary and associate respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies or its associate companies to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or any such subsidiary companies or its associate companies ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;

b. The respective managements of the Holding Company and its subsidiary companies and associate companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiary and associate respectively that, to the best of their knowledge and belief, no funds have been received by the Holding Company or its subsidiary companies or its associate companies from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the

Holding Company, or any such subsidiary companies or its associate companies shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

c. Based on such audit procedures performed by us and that performed by the auditors of the subsidiary and associate, as considered reasonable and appropriate in the circumstances, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

v. The Holding Company, its subsidiary companies and associate companies have not declared or paid any dividend during the year ended 31 March 2022.

Annexure I**Independent Auditor's report on the internal financial controls with reference to the consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

1. In conjunction with our audit of the consolidated financial statements of Quint Digital Media Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') and its associates as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary companies, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiary companies, its associate companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("Guidance note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. The audit of internal financial controls with reference to financial statements of two associates, which are companies covered under the Act, and reporting under Section 143(3)(i) is exempted vide MCA notification no. G.S.R. 583(E) dated 13 June 2017 read with corrigendum dated 14 July 2017. Consequently, our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiaries

based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI and prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiaries, as aforesaid.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in

accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the report of the other auditor on internal financial controls with reference to financial statements of the subsidiary companies, the Holding Company and its subsidiary companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

9. We did not audit the internal financial controls with reference to financial statements insofar as it relates to one subsidiary company, which is a company covered under the Act, whose financial statements reflect total assets of Rs. 872,410.75 thousands and net assets of Rs. 863,371.69 thousands as at 31 March 2022, total revenues of Rs. Nil and net cash outflows amounting to Rs. 563.22 thousands for the year ended on that date, as considered in the consolidated financial statements. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary company have been audited by other auditor whose report has been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company, and its subsidiary companies, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary company is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the report of the other auditor.

3.(A) Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of this consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of preparation

The Consolidated Financial Statements comprise of the Consolidated Balance Sheet, Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity and

Statement of Significant Accounting Policies and other explanatory information for the year then ended (hereinafter referred to as “Consolidated Financial Statements”). The Consolidated Financial Statements has been prepared to comply in all material respects with the requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the “Act”). All significant intercompany transactions and balances between Group entities are eliminated on consolidation.

i) The Group has applied the following amendments to Ind AS for the first time for their annual reporting

period commencing 1 April 2021:

- Interest rate benchmark reform – amendments to Ind AS 109, Financial Instruments, Ind AS 107, Financial Instruments: Disclosures, and Ind AS 116, Leases. The amendments listed above did not have any impact on the amounts recognized in prior periods and are not expected to significantly affect the current or future periods.

ii) **Exemption and exceptions availed**

As per Ind AS 101, The Subsidiary companies have prepared its first Ind AS financial statements in which subsidiary companies have presented three balance sheet, two statement of profit and loss, two statement of cashflows and two statement of change in equity and related notes, including comparative information for all the statements presented. The subsidiary companies have applied certain exemptions upon transition to Ind AS .

b) Business combinations

The Group accounts for its business combinations under acquisition method of accounting. Acquisition related costs are recognised in the statement of profit and loss as incurred. The acquirer's identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date.

Purchase consideration paid in excess of the fair value of net assets acquired is recognised as goodwill. Where the fair value of identifiable assets and liabilities exceed the cost of acquisition, after reassessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve.

Business combinations arising from transfers of interests in entities that are under common control are accounted at historical cost under pooling of interest method. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders' equity.

On acquisition of a business, the Group assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If a common control transaction is effected through the acquisition of assets and liabilities constituting a

business under IND AS 103 (from an entity under common control) rather than by acquiring shares in that business, then the acquirer accounts for the transaction in its separate financial statements in respect of consolidated financial statements.

c) Basis of consolidation

The consolidated financial statements includes the financial statements of the Company, its subsidiaries and the entities controlled by the Group as at March 31, 2022. Control is achieved when the Group:

- has power over the investee;
- has the ability to use its power to affect its return; and.
- is exposed, or has rights, to variable returns from its involvement with the investee

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

The Group combines the financial statements of the Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses.

Investment in associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies

The results and assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted

for in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations. Under the equity method, an investment in an associate is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit and loss of the associate or joint venture. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture.

When necessary, the entire carrying amount of the investment is tested for impairment in accordance with Ind AS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount, any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 Impairment of Assets to the extent that the recoverable amount of the investment subsequently increases.

e) Revenue recognition

To determine whether to recognize revenue from contracts with customers, the Group follows a 5-step process:

1. Identifying the contract with customer
2. Identifying the performance obligations
3. Determining the transaction price
4. Allocating the transaction price to the performance obligations
5. Recognising revenue when/as performance obligation(s) are satisfied.

Revenue from contracts with customers represents sale of services. Revenue from rendering of services includes advertisement revenue, subscription revenue, revenue from sale of content, program revenue, revenue from sponsorship of events and revenue from media related professional and consultancy services. Revenue from rendering of services is recognised over time where the Group satisfies the performance obligation over time or point in time where the Group satisfies the performance obligation at a point in time. Revenue is measured at the amount of consideration which the Group expects to be entitled to in exchange

for transferring distinct goods or services to a customer as specified in the contract, net of returns and allowances, trade discounts and volume rebates and excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and the receivable is recognized when it becomes unconditional.

Contract Balances

Trade receivables represents the Group's right to an amount of consideration that is unconditional. Revenues in excess of invoicing are considered as contract assets and disclosed as unbilled revenue. Invoicing in excess of revenues are considered as contract liabilities and disclosed as unearned revenues. When a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised and Disclosed as advance from customers.

Contract liabilities are recognised as revenue when the Group performs under the contract.

Interest Income

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable. For all financial assets measured at amortized cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets. The future cash flows include all other transaction costs paid or received, premiums or discounts if any, etc. Interest income is included under the head "other income" in the statement of profit and loss. Interest income is included under the head "other income" in the statement of profit and loss.

f) Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Capital expenditure incurred on rented properties is classified as 'Leasehold improvements' under property, plant and

equipment

Subsequent measurement

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Depreciation, estimated useful lives and residual value

Depreciation is provided on Straight Line Method in accordance with the useful life of assets estimated by the management, which is the rate prescribed under schedule II to the Companies Act, 2013. Leasehold improvements are depreciated over the period of lease agreement or the useful life whichever is shorter.

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives (as set out below) as prescribed in Schedule II of the Act: -

Asset category	Useful life as per Schedule II (in years)	Estimated Useful life by Management (in years)
Leasehold Improvement	Lower of useful life or respective lease term	Lower of useful life or respective lease term
Plant and Machinery	13 Years	5 Years
Furniture and fixtures	10 Years	10 Years
Computers and hardware	3 Years	3 Years
Vehicles	8 Years	8 Years
Office equipment	5 Years	5 Years

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

Where, during any financial year, any addition has been made to any asset, or where any asset has been sold, discarded, demolished or destroyed, or significant components replaced; depreciation on such assets is calculated on a pro rata basis as individual assets with specific useful life from the month of such addition or, as the case may be, up to the month on which such asset has been sold, discarded, demolished or destroyed or

replaced.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

g) Intangible assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebate less accumulated amortisation/ depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Group and cost can be measured reliably.

Gains or losses arising from derecognition of intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognised.

The Group's intangible assets comprises assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life.

The amortisation period and the amortisation method for Intangible Assets with a finite useful life are reviewed at each reporting date. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss.

Amortisation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives (as set out below) as per Group policy -

Asset class	Useful life (in years)
License	Over license period
Trademarks	5
Website	5
Computer Software	Over license period 1-3 years
Video Cost	60% in 1 st Year 20% in 2 nd Year 10% each in 3 rd and 4 th Year on straight line basis

Useful lives are examined on an annual basis and adjusted when applicable on a prospective basis.

Intangible assets under development

Expenditure on video costs eligible for capitalization are carried as intangible assets under development where such assets are not yet ready for their intended use or publishing.

h) Leases

The Group, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset.

Ind AS 116 will result in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments. On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-of-use asset, and finance cost for interest accrued on lease liability.

The following is the summary of practical expedients elected on initial application:

- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts

that were previously identified as leases under Ind AS 17.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of use asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option

i) Financial instruments

Financial assets and liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalent

The group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk

of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks, which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within the business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at fair value through comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets. The Group has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

De-recognition of financial assets

The Group de-recognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay.

On de-recognition of a financial asset, the difference

between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of Profit and Loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

After initial recognition, the financial liabilities are subsequently measured at amortised cost using effective interest method. Amortised cost is calculated after considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The effect of EIR amortisation is included as finance costs in the statement of profit and loss.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Derivative financial instruments

The Group may enter into foreign exchange forward contracts to mitigate the foreign currency exposure risk. Derivatives are to be initially recognised at fair value at the date the derivative contracts are entered and will be subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss will be recognised in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss will depend on the nature of the hedge relationship.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the

liabilities simultaneously

Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value; the Group may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as 'other income' in the Statement of Profit and Loss unless the Group has elected to measure such instrument at FVOCI. Fair value changes excluding dividends and on an equity instrument measured at FVOCI, are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Impairment of financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. In case of trade receivables, the Group follows the simplified approach permitted by Ind AS 109 – Financial Instruments - for recognition of impairment loss allowance. The application of simplified approach does not require the Group to track changes in credit risk of trade receivables. The Group calculates the expected credit losses on trade receivables, using a provision matrix on the basis of its historical credit loss experience.

All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.

Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed

for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

j) Fair Value Measurement and hierarchy

In determining the fair value of its financial instruments, the Group uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.:

Fair value hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use, or by selling it to another market participant that would use the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the

financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The carrying amounts of trade receivables, trade payables, payables towards capital goods, other Bank Balances and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. (Refer Note 34).

k) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposit accounts, margin deposit money and highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts, if any, are shown within borrowings in current liabilities in the balance sheet

Cash and bank balances comprise cash and cash on deposit with banks. The Group considers all highly liquid investments with a remaining maturity at the date of investment of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

l) Employee benefits

Post-employment, long term and short-term employee benefits:

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions towards Provident Fund, Employee State Insurance and Pension Scheme. The Group's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plans

The Group pays gratuity to the employees who have completed five years of service with the Group at the

time of resignation/ superannuation. The gratuity is paid @ 15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972. The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurements of defined benefit plans in respect of post-employment and other long-term benefits are charged to the Other Comprehensive Income.

Bonus Plans

The Group recognizes a liability and an expense for bonus. The group recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

Other long-term employee benefits

Long term compensated absences are provided for based on actuarial valuation at year end. The actuarial valuation is done as per projected unit credit method. The Group presents the compensated absences as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Short-term employee benefits

Short-term employee benefits are recognised as an expense on accrual basis.

Employee share based payments

The employees of the Group and its subsidiary receive remuneration in the form of share-based payments in consideration of the services rendered. Under the equity settled share based payment, the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer using Black Scholes Model. At the end of each reporting period, apart from the non-market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Group issues fresh equity shares.

m) Earnings per share (EPS)

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Group;
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

Dilute earnings per share

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

n) Provisions and contingent liabilities

Provision

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are measured at the present value of best estimate of the expenditure required to settle the present obligation at the balance sheet date. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Contingencies

Contingent liability is disclosed for:

Possible obligations which will be confirmed only by future events not wholly within the control of the Group; or

Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset

is disclosed.

o) Borrowing costs

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

p) Income taxes

The income tax expense comprises of current and deferred income tax. Income tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or directly in equity, in which case the related income tax is also recognised in Other Comprehensive Income or Equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

Deferred tax

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and the carry forward of any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred

tax liabilities relate to the same taxable entity and the same taxation authority.

Current and deferred taxes are recognised in the Statement of Profit and Loss, except when the same relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax relating to such items are also recognised in other comprehensive income or directly in equity, respectively.

q) Current versus non-current classification

The Group presents assets and liabilities in the Balance Sheet based on the current/non-current classification.

An asset is treated as current when:

- It is expected to be realised or intended to be sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realised within twelve months after the reporting period; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Current assets include the current portion of non-current financial assets. The Group classifies all other assets as non-current.

A liability is treated current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Current liabilities include current portion of non-current financial liabilities. The Group classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle for the purpose of current

/ non-current classification of assets and liabilities.

r) Foreign currency transactions

Items included in the financial statements are measured using the currency of the primary economic environment in which the Group operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Group's functional and presentation currency.

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency's closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

s) Rounding off amounts

All amounts disclosed in the financial statement and notes to accounts have been rounded off to the nearest thousands as per the requirement of Schedule III, unless otherwise stated.

3. (B) Standards issued but not yet effective

All the Ind AS issued and notified by the Ministry of Corporate Affairs ('MCA') under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorised have been considered in preparing these financial statements.

Standards issued but not effective

The Ministry of Corporate Affairs ("MCA") vide its notification dated March 23, 2022 has notified Companies (Indian Accounting Standards) Amendment Rules, 2022 to further amend the Companies (Indian Accounting Standards) Rules, 2015. Amendments have been made to the following standards.

Amendment to Ind AS 16, Property, Plant and Equipment

The MCA vide notification dated March 23, 2022, has issued an amendment to Ind AS 16 which specifies that an entity shall deduct from the cost of an item of property,

plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use.

Amendment to Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

The MCA vide notification dated March 23, 2022, has issued an amendment to Ind AS 37 which specifies that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Amendment to Ind AS 109, Financial Instruments

The MCA vide notification dated March 23, 2022, has issued an amendment to Ind AS 109 which clarifies that which fees an entity should include when it applies the ‘10%’ test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other’s behalf.

The amendments listed above will be effective on or after April 1, 2022 and are not expected to significantly affect the current or future periods.

3. (C) Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity

with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements includes:

- Measurement of defined benefit obligations (DBO)- refer note 32
- Estimation of useful lives of property, plant and equipment and intangible assets- refer note 3
- Evaluation of indicators for impairment of non-financial assets
- Determination of leases- refer note 38
- Allowance for expected credit loss on receivables- refer note 39
- Measurement of share based payments- refer note 37
- Estimation of current tax expense,current tax payable and uncertain tax position
- Capitalisation of internally developed intangible assets- refer note 3.2

Sensitivities due to mortality and withdrawals are not material. Hence impact of change is not calculated above.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligations calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

Risk	
Actuarial Risk	It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons: Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected
Investment Risk	If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality and disability	Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

34 Fair value measurement

34.1 Valuation techniques used to determine fair value

The fair value of the financial assets and liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods were used to estimate the fair values:-

- Trade receivables, cash and cash equivalents, other bank balances, loans, other current financial assets, current borrowings, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Notes to the Consolidated financial statements for the year ended March 31, 2022

(All amount in ₹, unless stated otherwise)

- Borrowings, taken by the Group are as per the Group's credit and liquidity risk assessment and there is no comparable instrument having the similar terms and conditions with related security being pledged and hence the carrying value of the borrowings represents the best estimate of fair value.
- The fair value of investment in mutual funds is measured at quoted price or net asset value (NAV).

There are no transfer between levels during the year

The Chief financial Officer (CFO) is responsible performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values, through involvement of external experts, as may be considered necessary. The discussions and results are held between the CFO and the Audit Committee at least once every three months, in line with the Company's quarterly reporting periods.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

35 Financial risk management

Risk management

The Group's activities expose it to liquidity risk and credit risk. The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

The Group's activities expose it to the financial risk of market risk, credit risk and liquidity risk. The Group enters into a certain derivative financial instrument to manage its exposure to foreign currency. There have been no major changes to the Group's exposure to market risk or the manner in which it manages and measures the risk in recent past. The Group's senior management oversees the management of these risks. The Group's senior management ensures that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives.

Risk	Exposure arising from	Measurement	Management
Credit risk	Trade receivables, cash and cash equivalents, other bank balances, loans and other financial assets, if any, measured at amortised cost	Aging analysis	Diversification of bank deposits and credit limits and regular monitoring and follow ups
Liquidity risk	Borrowings, trade payables and other financial liabilities, if any	Cash flow forecasts	Availability of committed credit lines and borrowing facilities wherever applicable
Market risk – foreign exchange	Future commercial transactions, recognised financial assets and liabilities not denominated in Indian rupee	Cash flow forecasting sensitivity analysis	Forward foreign exchange contracts (if considered appropriate by management)
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Diversification of loans

35.1 Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial asset fails to meet its contractual obligations. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each financial asset. The management also considers the factors that may influence the credit risk of its customer base, including the default risk etc. The carrying amounts of financial assets represent the maximum credit risk exposure.

A default on a financial asset is when the counterparty fails to make contractual payments as per agreed terms. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

The Group monitors its exposure to credit risk on an ongoing basis.

The Group closely monitors the credit-worthiness of the receivables through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Group uses a simplified approach (lifetime expected credit loss model) for the purpose of computation of expected credit loss for trade receivables.

Category	Inputs	Assumptions
Individuals	Individual customer wise trade receivables and information obtained through sales recovery follow ups	Trade receivables outstanding for more than two years are considered irrecoverable. Other receivables are considered good due to ongoing communication with customers.
Corporates clients and agencies	Collection against outstanding receivables in past years	Trend of collections made by the Group over a period of four years preceding balance sheet date and considering default to have occurred if receivables are not collected for more than two years.
Others	Customer wise trade receivables and information obtained through sales recovery follow ups	Specific allowance is made by assessing party wise outstanding receivables based on communication between sales team and customers.

(i) Expected credit loss for trade receivables under simplified approach

The Group recognises lifetime expected credit losses on trade receivables using a simplified approach. In accordance with Ind AS 109, the Group uses expected credit loss model to assess the impairment loss. The Group uses a provision matrix to compute the expected credit loss allowance of trade receivables. The provision matrix takes into account available external and internal credit risk factors such as default risk of industry, historical experience for customers etc. However, the allowance for lifetime expected credit loss on customer balances for the year ended 31 March 2022, and for the years ended 31 March 2021 is insignificant.

Movement in expected credit loss allowance on trade receivables

Particulars	As at 31 March 2022	As at 31 March 2021
Balance at the beginning of the year	15,340.92	13,331.48
Loss allowance measured at lifetime expected credit loss	7,873.98	2,009.44

35.2 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, that it will have sufficient liquidity to meet its liabilities when they are due.

Management monitors the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows.

The Group takes into account the liquidity of the market in which the entity operates.

A Disclosure of ESOP of Quint Digital Media Limited

The Company, vide the resolution passed at the meeting of Nomination and Remuneration Committee ("NRC"), dated 29 January, 2021, approved 'QDML ESOP Plan 2020' for granting employee stock options in the form of equity shares, linked to the completion of a minimum period of continued employment, to the eligible employees of the Company. The Members of the Company have approved the Scheme through postal ballot on 16 January 2021. The eligible employees, for the purpose of this scheme are determined by the NRC. Each stock option entitles the eligible employee to avail one share at the end of the vesting period.

The Company had granted 322,500 options to eligible employees on 29 January 2021 at the grant price of 54.20/- each. The NRC also resolved that the number of stock options granted to the employees and the Exercise Price shall be suitably adjusted upon approval of the bonus issuance on a 1:1 basis by the shareholders of the company. Bonus shares were issued to shareholders on 4th March 2021 and as a result the rights to stock option also accrued to the employees on the same date. There were no stock options granted to employees during the current financial year ended 31 March 2022.

The vested options can be exercised between a period from the vesting date to a period not later than 8 (Eight) years from the date of Grant of Options

Particulars	Quint Digital Media Limited Employee Stock Option Plan
Exercise Price	Rs. 27.10
Grant date	29 January 2021
Vesting schedule	10% after one year from the grant date ('First vesting')
	10% after two years from the grant date ('Second vesting')
	20% after three years from the grant date ('Third vesting')
	30% after four years from the grant date ('Forth vesting')
	30% after five years from the grant date ('Fifth vesting')
Exercise period	Stock options can be exercised within 8 years from the date of grant
Number of share options granted	322,500
	The Company has issued 3,22,500 options ("Options") (post bonus issue of 1:1, total number of options will be 6,45,000 options) to its employees under Employee Stock Option Plan, 2020 exercisable at Rs. 54.20 (fifty four point two) per share (post bonus issue of 1:1, exercise price will be Rs. 27.1 per share) during the period ended January 2021. We understand from management of the Company that measurement date for the purpose of computing the value of Options is 29 January 2021
Method of settlement	Equity

The total amount to be expensed over the vesting period is determined by reference to the fair value of the options granted. The fair values of options granted were determined using Black-Scholes option pricing model that takes into account factors specific to the share incentive plans along with other external inputs. Expected volatility has been determined by reference to the average volatility for comparable companies for corresponding option term. Total Company share based payment to employees amounting Rs. 2,529.10 thousands for the year ended 31 March 2022 (Rs. 513.36 thousands for the year ended 31 March 2021) is recognised in the statement of profit and loss of the Company pertaining to options issued to employees of the Company. The following principal assumptions were used in the valuation: Expected volatility was determined by comparison with peer companies, as the Company's shares are not presently publicly traded. The expected option life and average expected period to exercise, is assumed to be equal to the contractual maturity of the option. The risk-free rate is the rate associated with a risk-free security with the same maturity as the option. At each balance sheet date, the Company reviewed its estimates of the number of options that are expected to vest. The Company recognizes the impact of the revision to original estimates, if any, in the profit or loss in consolidated statement of comprehensive income, with a corresponding adjustment to 'retained earnings' in equity. The fair value of option using Black Scholes model and the inputs used for the valuation for options that have been granted during the reporting period are summarized as follows:

C Disclosure of ESOP of Quintillion Business Media Limited

The Company has implemented employee share-based payment plans for the employees and key personnel of the Company. All the options issued by the Company are equity share based options which have to be settled in equity shares only. The shares to be allotted to employees under the Employee Stock Option Plan (ESOP) will be through fresh issue of equity shares by the Company.

In accordance with the guidance note on "Accounting for Employee Share based payments", the excess, if any, of the fair value of the share, preceding the date of grant of the option under ESOPs over the exercise price of the option is amortised on a straight-line basis over the vesting period.

(i) Fair value of options granted

The fair value at grant date is determined using the discounted cash flow income approach which takes into account the projected free cash flows from business operations available to equity shareholders (after deducting cash flows attributable to the debt providers and any other stakeholders and discounts at the cost of equity).

(ii) The Company has granted stock options to employees of the Company, details of which are disclosed in the below table

38 Disclosure on lease transactions pursuant to Ind AS 116 - Leases

The Group lease asset class primarily consists of leases for buildings. With the exception of leases of low-value and cancellable long-term leases underlying assets, each lease is reflected on the balance sheet as a right of use asset and a lease liability.

The Group has adopted Ind AS 116 effective 1st April, 2020. The Group has applied the standard to its leases with the cumulative impact recognised on the date of initial application. Accordingly, previous period information has not been restated as the remaining lease period was less than 12 months and was classified as short term lease. This has resulted in recognising a right-of-use asset of Rs. 33,497.38 thousands (previous year Rs. 44,639.62 thousands) and a corresponding lease liability of 36,641.71 thousands (previous year 45,685.55 thousands).

For Quint Digital Media Limited, Lease liabilities are measured at the present value of the remaining lease payments, discounted using the weighted average borrowing rate on the date of adoption, i.e., 8.18%.

For Quintype Technologies India Limited, Lease liabilities are measured at the present value of the remaining lease payments, discounted using the weighted average borrowing rate on the date of adoption, i.e., 10.95%.

As on transition date 1 April 2019, all the lease agreements entered into by the Quintillion Business Media Limited are of short-term agreements, that is, for the period of less than 12 months, the company shall recognize the lease payments associated with those leases as an expense on a straight-line basis over the lease term. Hence, there is no requirement to create any Right of Use assets and lease liability as all leases qualifies as short team leases and the impact, if any, an application of IND AS 116 (on transition date or subsequent) will be immaterial.

- (ii) Pursuant to the approval of the Board of Directors on November 10, 2021, the Company had entered into a Share Purchase Agreement dated November 10, 2021 with Mr. Raghav Bahl and RB Diversified Private Limited to acquire 100% stake in Quintillion Media Private Limited for an aggregate consideration of Rs. 1,88,663.64 thousands payable on a deferred basis and as per terms of the Share Purchase Agreement.

The aforesaid acquisition was approved by the shareholders vide shareholders resolution dated December 31, 2021. Pursuant to the shareholder approval, the Company has completed the acquisition of 100% stake on a fully diluted basis of Quintillion Media Private Limited on January 19, 2022 for an aggregate consideration of Rs. 90,658.21 thousands after agreed closing adjustments and accordingly QMPL has become a subsidiary of QDML.

The Company has accounted the above acquisition in accordance with requirements of Appendix C of Ind AS 103 Business Combination which lays down the principles in respect of accounting for business combinations of entities and businesses under common control. As required by IndAS 103, pooling of interest method has been considered for common control business combination and accordingly, the assets and liabilities are reflected in the books of the Company at their respective carrying amounts.

Further, pursuant to this investments and as stated in note 43(i), the Group has prepared the consolidated financial statements for the first time for the year ended 31 March 2022. Also refer note 2 for nature of business of subsidiaries and associates.

iii) Business Acquisitions during the year ended 31 March 2021 under business combination

During the previous year ended 31 March 2021 Quint Digital Media Limited (formerly Gaurav Mercantiles Limited) ('the Company') has acquired the digital content business of Quintillion Media Limited (formerly known as Quintillion Media Private Limited) ('QMPL'), a Company under common control, which was being operated under brand name of "The Quint". The Company completed the acquisition of the Digital Content Business of "The Quint" on July 1, 2020 in terms of the Business Transfer Agreement (BTA) executed between the parties and commenced the relevant operations on a going-concern basis w.e.f. July 1, 2020.

Common control business combination, here, means a business combination involving entities in which all the combining entities or business are ultimately controlled by the same party or parties both before and after the business combination, and that control is not transitory. Both the Quint digital Media Limited (Acquirer Company) and QMPL are ultimately controlled by Mr Raghav Bahl and Ms Ritu Kapur both before and after the acquisition. As the business combinations involved entities under common control, it has been accounted for using the pooling of interests method in accordance with Ind AS 103.

The pooling of interest method is considered to involve the following:

- (i) The assets and liabilities of the combining entities are reflected at their carrying amounts.
- (ii) No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies.
- (iii) No Goodwill is recognised
- (iii) The financial information in the financial statements in respect of prior periods should be restated as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination. However, if business combination had occurred after that date, the prior period information shall be restated only from that date.

Thus, the Company has restated comparative Standalone financial statements for the financial year 2019-20 as if the acquisition of assets and liabilities had occurred on or before 1 April 2019, irrespective of the actual date of the combination which is 1 July 2020.

45 Capitalisation of Video cost

The Company creates different kinds of content videos in covering multiple genres like documentaries, entertainment, sports, lifestyle, news etc. for its viewers. These videos are viewed over different platforms like YouTube, Facebook, its own website and through its channel partners.

It receives inputs from primary sources like news reporter, investigations etc, and secondary sources like Wire Services -Asian News International, Press Trust of India, Social Media platforms like Facebook or twitter. Based on inputs received the creative team creates the content videos and then publish the same on various platforms. The Company on acquisition of digital business has formulated a policy with effect from 1 July 2020, that the cost of content gets capitalised on the date of publishing.

Notes to the Consolidated financial statements for the year ended March 31, 2022

(All amount in ₹, unless stated otherwise)

In accordance with Ind AS 38, the videos created meet the definition of an asset as:

- The Videos are controlled by the Company as it retains the Intellectual Property Rights of these videos and it decides the platforms on which these will be posted for public viewership.
- It has the rights to remove these videos from these platforms as per its discretion.
- The economic benefits flow only to the Company, which are either direct economic benefit i.e. Partner/Programmatic revenue which is generated by monetisation of these videos on various platforms based on viewership or Direct Selling of display advertisement revenue, which is generated for placement of various advertisements on Quint's website or other platforms. Both of the revenues are related to content videos as these videos generate viewership.

The cost of video include direct expenses such as video crew, production costs, editing, visual effects and production overhead costs such as studio rent etc. It also includes on proportionate basis production-related administrative costs, if directly attributable and costs of employee benefits i.e. cost of Creative Team or production team working directly on creation of these videos.

The video cost had been assumed to have a life of 4 years and is to be amortised from the date of its publishing, 60% of the cost capitalised in the first year of video being published, 20% in the second year and 10% each in next 2 years. If a video, in later year, is found to be not generating any economic benefit it could be decided by the management to be written off completely in that year itself.

Particulars	Year ended 31 March, 2022	Year ended 31 March, 2021
The break up of the cost of the video capitalised		
Employee benefit expenses	(76,486.33)	(52,444.75)
Depreciation and amortization expense	(344.51)	(348.55)
Other expenses	(23,398.07)	(14,328.26)
Total Video Cost Capitalized	(100,228.91)	(67,121.56)
